# **MEMORANDUM**

**To:** Honorable Mayor and City Council

**From:** Warren Hutmacher, City Manager

**Date:** June 8, 2009

**Subject:** City Special Event Policies and Procedures

---

The City of Dunwoody will be requested from time to time to allow for profit and not for profit groups to utilize the City's public streets and public properties (at such time as the City inherits such properties from DeKalb County) for special events (i.e. parades, festivals, demonstrations).

It is a good business practice to establish policies and procedures that will serve to regulate these activities to balance the positive contributions they make on our community with the inherent hassles and liabilities they may cause for the surrounding neighbors and city services.

A good policy will effectively serve to remove the City Manager and the City Council from making decisions on a case by case basis without the benefit of established well thought out policies.

The Mayor has requested at the May 18<sup>th</sup> Council meeting that the City staff develop a policy regarding applications for special events.

I have researched similar policies in other communities and have reviewed our ordinances to determine what policies may already be in place to regulate special events. It appears to me that most of the elements of an effective special events policy have already been adopted by the City. The City Council adopted Chapter 20 (Assemblages in Public Places) for this purpose on February 23, 2009. I have attached a copy of Chapter 20 for your review.

While Chapter 20 provides for adequate regulation of special events, I am recommending the City Council review the following bullet points that I feel will enhance our current ordinance.

## Recommended Revisions to Chapter 20 (Assemblages in Public Places)

- **Levels of City Support**

I recommend the City designate categories that will determine the level of support (in kind and financial) the City will provide for special events. The categories are as follows:

- a. City Sponsored Events – The City may operate certain special events directly and would not be subject to any provisions in this Ordinance.
- b. City Co-Sponsored Events – The City Council may co-sponsor certain events with other organizations, when it is determined by the City Council that the event is of general interest to the public and advances the promotion of the community. The City may provide financial support to these events. These events must meet the other requirements of the special event policy, and must reimburse the City departments for any costs in excess of the support level authorized by the City Council at the time of their co-sponsorship of the event.
- c. Non-Profit Events – The City may provide a portion of the actual City labor, equipment and material costs to assist special events operated by non-profit organizations. These events must meet the other requirements of the special event policy, and must reimburse the City departments for any costs in excess of the support level authorized by the City Manager at the time of the approval of the application for the special event permit.
- d. For-Profit Events – These events must meet the other requirements of the special event policy, and must reimburse the City departments for any costs related to the event.
- e. Other events - These events must meet the other requirements of the special event policy, and must reimburse the City departments for any costs related to the event

- **Categorization of Special Event hazards**

- a. ***Class 1 – Low Risk*** - Involves no physical activity by participants and no severe exposure to spectators. Examples of events in this category include, but are not limited to, block parties and picnics, wedding ceremonies of less than 20 people.
- b. ***Class 2 – Moderate Risk*** – Involves limited physical activity by participants and no severe exposure to spectators. Events in this category include, but are not limited to, amateur team sports, dances, and concerts.
- c. ***Class 3 – High Risk*** – Involves major participation by participants and /or moderate exposure to spectators. Events in this category include, but are not limited to, parades, festivals, craft shows, marathons or races and circus/carnivals, food vendors, inflatable games, amusement rides, animal show and sidewalk sales.
- d. ***Class 4 – Maximum Risk*** – Involves severe exposure to spectators. Events in this category include, but are not limited to alcoholic beverage sales, vehicle races, fireworks displays or professional or collegiate sporting events.

For Class 3 and Class 4 events, during review of the Special Events Application, the City Manager may place special conditions on the event and may require additional insurance coverage and indemnification requirements.

- **Elimination of zoning requirement**

Article 3, Section 3 (c) requires that the applicant for a special event permit comply with all existing zoning requirements, and that there must be sufficient lawful parking available.

I recommend eliminating this requirement due to the fact that our zoning code does not regulate temporary uses and there is no way to classify if a festival or parade would be allowable within our zoning districts. Furthermore, our parking regulations are established to set minimum parking requirements for buildings and structures based on land use categories. There is no method of applying these requirements to special events.

- **Modification of parking requirement**

I recommend establishing a parking regulation for special events that requires that a parking plan be submitted at the time of application and that the standard of review be that the parking plan not be overly disruptive to the neighboring businesses and residences.

- **Process for closure of major city arteries**

The current ordinance provides full discretion to the City Manager for the closure of streets for special events (Article 3) and provides standards of review for the closure of streets for an Event (Article 2). I recommend adding language to the special event section (Article 3) that would mimic the language for events (Article 2). Additionally, there needs to be a provision for receiving Georgia DOT permission for closing state routes.

- **Adding a provision to clarify that no application fee for a liquor license will be required for a temporary pouring permit in addition to the permit fee.**

- **Reservation of annual event dates**

To prevent the disruption of annual events, a provision should be modified in the ordinance to allow applicants for annual events to reserve dates and locations up to 5 years in advance of their event. An annual application will still be required for approval of a permit.

- **Notification to neighboring property owners and businesses**

Producer of a special event will be required to notify adjacent property owners and businesses of their intent to host the special event prior to making application for a permit.

- **Requirement to provide the City of Dunwoody booth space for public education and PR at no cost to the City**

- **Provision for Council approval of new events and unprecedented activities**

At the City Manager's discretion, City Manager may bring to the City Council for their approval, a request to approve a permit for a new event or unprecedented activity that's size and scope falls clearly outside of the scope of Chapter 20.

- **Discussion of importance of spacing special events to prevent a burden on city services and other considerations.**

The City Manager shall act upon the application within ten (10) days of the receipt of a completed application. A person may make an emergency application to the City Clerk if an unforeseen circumstance arises requiring a response within less than ten (10) days. - (3) The application is signed and sworn to by the applicant if an individual, or by a partner, if a partnership, or by an officer, if a corporation.

*Section 3: Procedure for application review*

- (a) Upon receipt of a complete application for a permit, the City Manager shall have it reviewed by the City Departments, the services of which may be impacted by the Event.
- (b) Upon receiving reports from the City Departments, the City Manager shall consider the impact of the Event as whether it will unreasonably disrupt and obstruct the necessary flow of vehicular traffic or endanger the public's health, safety, or welfare.

- (c) As part of the City Manager's review, conditions may be made for alternate routes and locations of the Event to ameliorate issues of traffic flow and public safety, which conditions shall attach to the permit, if issued.

- (g) The council, in considering the appeal, shall determine if good cause exists for denial of the permit and, after hearing and receiving all evidence, shall either uphold the decision of the City Manager or reverse the decision and grant a permit. In reversing, the City Council may attach any requirements deemed necessary to the permit, as conditions to its issuance for protection of the public health and safety.
- (h) The city hall grounds may not be used for holding a parade, assembly, demonstration, or other Event on any weekday prior to 8:00 a.m. or after 5:00 p.m. or on any Sunday prior to 1:00 p.m. or after 5:00 p.m.

An application for a permit shall be subject to review of the Director of the Department of Community Development to determine compliance with zoning requirements. - (b) An application for a special event permit shall be filed at least sixty (60) days prior to the date the special event is scheduled to take place; provided, however, no application shall be accepted earlier than one (1) year prior to the date of the special event. This 60-day period may be waived by the City Manager during the first 12 months following the initial enactment of this Ordinance.
- (c) Each application for a special event permit shall be accompanied by a nonrefundable application fee in such amount as may be set from time to time by Resolution of the City Council.

- (f) Two copies of a to-scale survey of the proposed location for the special event shall accompany the application and shall accurately depict the proposed location of the special event, all buildings, structures, parking, and curb cuts permanently located on the site. The survey shall further show the proposed temporary location of any and all buildings, structures, and parking to be associated with the proposed special event. Moreover, the entire location shall comply with the City's standards for setbacks.
- (g) Each City Department and/or agency whose services would be impacted by the special event shall review the application and recommend in writing any conditions or restrictions deemed necessary. Special conditions or restrictions recommended by the City Manager, or his designee, shall become a condition of the permit.
- (h) The following standards shall be considered in reviewing the application:
  - (1) A special event permit may be issued only after an adequate plan for crowd and traffic control, as well as security, and, when deemed necessary, employment of off-duty uniformed and P.O.S.T. certified police officers has been verified by the City and obtained by the producer.
  - (2) A special event permit may be issued only after an adequate plan for fire inspection/prevention and/or fire code enforcement and, when deemed necessary, employment of off-duty uniformed fire personnel has been verified by the City and obtained by the producer.
  - (3) A special event permit may be issued only after an adequate EMS plan and, when deemed necessary, employment of off-duty medics who are state-certified EMT or paramedics has been verified by the City and obtained by the producer.

The producer shall be required to clean the right-of-way or public property of rubbish and debris, returning it to its pre-special event condition, within 24 hours of the conclusion of the special event. If the producer fails to clean up such refuse, cleanup shall be arranged by the City, and the costs incurred for this service shall be charged to the applicant.
  - (5) A special event permit granted by the City may provide for the City to close designated streets and intersections to allow use of the public right of way for the special event during designated hours and days.
  - (6) The sound level of any special event must comply with the City noise ordinance.
- (i) After all of the requested information pertaining to the special event has been submitted, reviewed, and approved, a permit may be issued upon payment of all applicable fees and costs. The special event permit, as well as any other permits required in conjunction with the special event, shall be posted on site during the special event.
- (j) Should a permit be denied, the producer shall be notified in writing of the denial.

*Section 5: Permit fees*

- (a) Each City Department and/or agency whose services would be impacted by the special event shall itemize the departmental activity required for the special event, showing the hourly rate and the actual and reasonable total cost. The "total costs to the City" shall be the sum of each department's costs. The City Manager shall determine and calculate a reasonable fee to reimburse the City for its services.
- (b) A cash bond may be determined to be appropriate by the City, and in this event the City shall advise the producer of the amount, and this bond shall be remitted to the City before the special event permit is issued.
- (c) The initial permit fee shall be paid in full prior to the issuance of the permit and in any event no later than 72 hours prior to the date of the event.

- (e) No producer of any special event, except as may otherwise be provided herein, shall be exempt from the payment of the appropriate fees and charges required under this Article.
- (f) Should a producer desire to have use of any equipment owned by the City, such as barriers, traffic cones, and the like, an additional fee, as may be established from time to time by Resolution of the City Council, shall be paid so as to cover the reasonable cost for use of the equipment, as well as the delivery and return of the items by City employees.
- (g) Notwithstanding any provision to the contrary, the producer of any special event associated with and benefiting the cause of a charitable organization, recognized as such by the Internal Revenue Service under section 501(c)(3) of the Internal Revenue Code, shall be excused by the City Manager from the permit review fee requirement, but such organizations are not exempt from fees associated with the City's direct costs for the Event except that such may be waived by the City Manager if, in his reasonable discretion, the Event benefits the community at large. Such organizations may still be required to post the bond described in subsection (b) of this section. Criterion to be considered in determining the appropriateness of requiring a bond shall include the impact of the event on the cost of services to be provided by the City and on the general public health, welfare, or safety of the City.

*Section 6: Liability*

- (a) At the discretion of the City, prior to issuance of a permit, the producer shall provide to the City proof of comprehensive liability insurance naming the City as an additional insured. The insurance requirement is a minimum of \$300,000.00 personal injury per person, \$1,000,000.00 maximum, and \$100,000.00 property damage against all claims arising from permits issued pursuant to this Article.
- (b) The producer of any special event shall provide a written agreement in a form satisfactory to the City providing the producer shall defend, pay, and save harmless the City, its officers,

employees, and agents from liability of all personal or property damages arising from any acts or omissions emanating from a special event and from any and all claims, attorney fees or lawsuits for personal injury or property damage arising from or in any way connected to the special event. The agreement shall be filed with, and made a part of, the application form.

- (c) The City, its officials, employees, or agents shall not incur any liability or responsibility for any injury or damage to any person in any way connected to the use for which the permit has been issued. The City, its officials, employees, or agents shall not be deemed to have assumed any liability or responsibility by reasons of inspections performed, the issuance of any permit, or the approval of any use of the right-of-way or other public property.

*Section 7: Vendors of food and merchandise*

- (a) The sale of food and/or merchandise by vendors shall be allowed as a component of a special event provided each vendor is authorized to participate in writing by the producer of the event and provided further each vendor shall be subject to all conditions and limitations as shall be imposed in writing by the producer and submitted as part of the application for a permit.
- (b) The producer of a special event shall have sole responsibility and control of all food and merchandise vendors as a component of a special event and to designate the location and activities of such vendors.
- (c) Authorized vendors of the producer, providing food and/or merchandise, shall not be required to obtain a separate vendor permit to operate during the special event.
- (d) Notwithstanding the provisions of subsection (c) of this section, food vendors authorized by the producer shall be required to comply with rules and regulations of the DeKalb County Health Department as to the preparation and service of food. No permit shall be issued pursuant to this Article unless the food vendor provides Dunwoody with proof of approval by the County's Health Department.

*Section 8: Vendors of alcoholic beverages*

The dispensing of alcoholic beverages, by sale or otherwise, shall be allowed as a component of a special event provided each vendor is authorized to participate by the producer and provided further each vendor dispensing alcoholic beverages shall have been duly licensed by the State and the City or another local governing authority and shall further have complied with all provisions of this Code relating to the sale of alcoholic beverages off-premises at an authorized function or event.

*Section 9: Miscellaneous provisions regarding vendors*

- (a) Each vendor authorized by the producer of the special event shall prominently display on his or her person a badge provided by the producer and identifying the vendor as an authorized participant in the special event which shall bear the signature of the producer or his designated agent.

- (b) It shall be unlawful for any vendor not authorized by the producer as provided herein to engage in any business within a distance of 100 yards of the special event from one hour before the start of the special event, and until one hour after the special event.
- (c) A special event permit granted by the City may provide for the City to close designated streets and intersections to allow use of the public right-of-way for the special event during designated hours and days. The producer shall bear all responsibility for having all vendors remove any structures and all trash and debris from the designated area by not later than the time stated under the permit for re-opening of all streets.

*Section 10: Other permits*

- (a) The purpose of this Article is to allow the City's departments and staffs to review an application for a special event permit outside the regular ordinance standards in order to determine how disruptive a special event may be to the ordinary use of parks, public streets, rights-of-way, or sidewalks and to make recommendations and allowances. Administrative guidelines issued by the Department of Community Development shall be followed by the City in allowing specified signage and advertising which may not be in compliance with existing zoning ordinances for banners and vendors. Upon approval by the City Manager, or his designee, recommendations and allowances made shall become conditions of the permit to be followed and carried out by the producer.
- (b) Notwithstanding subsection (a) of this section:
  - (1) The holder of a resident or nonresident license to sell and dispense alcoholic beverages shall obtain an off-premises license and event permit for pouring alcoholic beverages for an authorized function or event as provided in chapter 4 of this Code if he is authorized to participate by the producer; and
  - (2) A permit allowing fireworks shall be approved and permitted by the Fire Chief or his designee. Further, the person to be performing the firework display shall be pyrotechnics licensed and qualified in the State of Georgia.

*Section 11: Denial or revocation of a special event permit*

- (a) Reasons for denial of a special event permit include, but are not limited to:
  - (1) The special event will unnecessarily disrupt traffic within the City beyond practical solution;
  - (2) The special event will interfere with access to fire stations and fire hydrants;
  - (3) The location of the special event will cause undue hardship to adjacent businesses or residents;
  - (4) The special event will cause unnecessary disruption of public services which would unreasonably impact the remainder of the City;

- (5) The application contains incomplete or false information; and
  - (6) The producer fails to comply with any terms required by this Article.
- (b) Reasons for revocation of a special events permit include, but are not limited to:
- (1) False or incomplete information on the application;
  - (2) Failure to comply with all terms and conditions of the permit;
  - (3) Failure to arrange for or adequately remit all fees, deposits, insurance or bonds to the City; and
  - (4) Existence of disaster, public calamity, riot or other emergency as the City determines, in its sole discretion, to be an impact upon the public health, safety and welfare.
- (c) Further, a special event permit may be denied, suspended, or revoked by the City, if the Chief of the Police Department, the Chief of the Fire Department, or their designees, determines that the health, welfare, or safety of the public may be endangered.

*Section 12: Appeals*

- (a) Any producer whose special event permit application has been denied or revoked may request in writing a review of this decision by the City Manager. This request must be in writing and received by the City Manager within five days of the permit denial or revocation.
- (b) The City Manager shall review the application and reasons for the denial or revocation of the special event permit and shall issue a decision, within five (5) days, whether to uphold or reverse the previous decision and grant or reinstate the permit with such additional conditions as the City Manager may deem justified by the evidence.
- (c) Should the producer be dissatisfied with the decision of the City Manager, an appeal may be filed with the City Council within five (5) days of the decision of the City Manager. The City Council shall set a hearing date within 30 days of receiving an appeal. At the hearing, evidence may be submitted by the producer addressing why the permit should have been granted or not revoked and by the City Manager addressing why the permit was denied or revoked. The City Council shall determine whether the denial or revocation of the permit is justified, or it may reverse the previous decision and grant or reinstate the permit with such additional conditions as deemed justified by the evidence.
