# MEMORANDUM

**To:** Mayor and City Council

**From:** Michael Smith, Director of Public Works

**Date:** July 12, 2010

**Subject:** 2010 Sidewalk Construction Capital Project

---

## ITEM DESCRIPTION

Recommend sidewalk projects for construction in 2010.

## DISCUSSION

In April 2010, the Mayor and Council approved a Sidewalk Improvement Policy to guide future sidewalk improvements. The supporting documentation included a preliminary ranking of each sidewalk project based on the methodology outlined in the policy. The current version of that document is attached to this memo. Public Works recommends proceeding with construction on the following 3 projects from this list:

Street	From	To	Length (feet)
North Peachtree Rd Southbound	Brookhurst	North Forest Trail	925
Verdon Drive	Roberts	Verdon Ct.	575
Dunwoody Park Westbound	Dunwoody Park N.	Chamblee Dunwoody	275

These projects are recommended ahead of several other projects on the list either because the cost of another project is estimated to exceed the available funding (e.g. Mt Vernon) or to exhaust outside funding opportunities for other projects before committing city funds (e.g. Cotillion).

## RECOMMENDED ACTION

I recommend proceeding with these projects. With Mayor and Council's concurrence, staff will notify the adjacent property owners and hold a public information meeting prior to issuing bids for construction.
