MEMORANDUM

To: Mayor and City Council
From: Kimberly Greer, Assistant to the City Manager
Date: November 14, 2011
Subject: **Update on Transference of Fire and EMS calls**

On Monday, October 3, 2011 the Chattahoochee River 911 Authority, or ChatComm, began answering 911 calls for Dunwoody. As DeKalb County provides fire and emergency medical service (EMS) to Dunwoody, calls for these needs are transferred to DeKalb County's 911 Center for service.

Councilman Ross requested a monthly update regarding the transference of fire and EMS calls. Staff has requested call data from ChatComm and DeKalb County through November 13, 2011 and will present additional information at the Council Meeting.
