## **MEMORANDUM**

**To:** Mayor and City Council  
**From:** Billy Grogan, Chief of Police  
**Thru:** Warren Hutmacher, City Manager  
**Date:** September 26, 2011  
**Subject:** **Electronic Warrant Interchange (EWI) IGA**

---

### **ITEM DESCRIPTION**

Staff recommends entering into an IGA with DeKalb County which will give the Dunwoody Police Department access to DeKalb County's Electronic Warrant Interchange system.

### **BACKGROUND**

The DeKalb County Magistrate Court has an Electronic Warrant Interchange (EWI) system which gives the DeKalb County Police Department the ability to electronically secure arrest and search warrants without having to travel to Magistrate Court. Cobb County and all of the municipalities in Cobb County utilize a similar EWI system.

Currently, the Dunwoody Police Department does not have access to the EWI system and must request all warrants in person from the Magistrate Court. Utilizing the EWI system will save the City considerable time and expense, allowing our officers to spend more time responding to calls for service, investigating crime and assisting our citizens.

I have worked with DeKalb County and Chief Magistrate Judge Anderson for the last year to make the system available county wide to all the municipalities. DeKalb County has now agreed to make this system available to local municipalities in DeKalb County through an IGA.

### **FUNDING**

Under the IGA, the City would be responsible for the cost associated with adding the City to the existing system. The cost for this project is \$7,023. This item was not budgeted for in 2011. As allowed by state law, this could be paid for using asset forfeiture funds. This is a sole source purchase.

### **RECOMMENDED ACTION**

Staff recommends the City Council authorize the Mayor to enter into an Intergovernmental Agreement with DeKalb County for use of the Electronic Warrant Interchange system.
