History of the Ambulance Outsourcing

- Spring 2011: BOC votes to outsource Ambulance Service
- Fall 2011: Purchasing and Contracting rejected the Fire Rescue outsource proposal
- Late Fall 2011: DCFR works with a consultant on the outsource RFP
- Spring 2012: Finalized the RFP
- June 28, 2012: RFP is released
- Fall 2012: Committee met and chose a vendor. Purchasing and Contracting ultimately rejected recommendation.
- March 7, 2013: RFP was put out again for bids.
- April 1, 2013: Bids were received
- May 2013: BOC approved recommendation by the selection committee.

Outsource Contract

- The contract has been signed and executed by the DeKalb County Government.
- American Medical Response (AMR) will start the transition on August 1, 2013. They will bring up 18 ALS units.
- Over the next 60 days, AMR will increase services as DCFR reduces number of units.
- By the end of October, AMR will have all of the County and be the sole provider.
- DCFR Fire Medics will be dispersed throughout system to be the ALS component on the Engine or Truck companies.
- On any given day, 80% or more of our first response units will be ALS.

Approved Graphics for AMR ambulances

Scope of Contract

- Agree to current transport rate schedule.
- Provide Patient Care reporting system and cardiac monitors to DCFR equipment.
- Average call time of 8:59 or less on 90% of the calls. This meets the minimum NFPA recommendations.
- Utilize DeKalb radio system. Reduce transfer time.
- Local call center in Stone Mountain for billing.
- Full-time field and DeKalb 911 center supervisors on staff.
- Units will have MDTs and cell phones as back up to radio.
- DeKalb will have one oversight officer and three (3) medical supervisors on 24/7.
- Performance based contract with penalties.
