Chris Kacena has practiced a variety of architecture and land planning over the course of a 20 year career. This includes 16 years with established firms, and 4 years as an independent practitioner in a variety of disciplines. Work types include various commercial and residential building types, as well as community and amenity development. Land planning expertise includes mixed use, resort, and town planning.

Kacena Design performs work primarily throughout the southeastern US, with a few projects beyond those boundaries. This includes several projects in the Atlanta area, and a few in Dunwoody proper. To date, Kacena Design has produced four structures at Renaissance Park, one structure for Brook Run, and an addition/renovation to the Dunwoody Nature Center. Design services have also been provided for a handful of private residential additions and renovations within the Dunwoody city limits.
