In 2013 the City of Dunwoody continued to address the organization-wide goals and priorities established by the Mayor and City Council:

- Expand, maintain and gradually improve our parks system
- Improve and maintain our infrastructure
- Enhance and improve community safety
- Continue attracting and retaining businesses and jobs
- Further implement our community plans
- Remain focused on financial stewardship of resources
In 2013 from ground breaking to ribbon cutting, the Mayor and City Council focused on strategic investments in new capital projects that further the community-centric master plan initiatives which will provide lasting benefit to our community. The Council also worked with the City Manager to keep the City focused on excellence in all areas.

DEPARTMENTS FOCUSED ON RESULTS

City Attorney

- Began construction for Dunwoody Village Parkway "Main Street" project
- Initiated concept design for Chamblee Dunwoody Road at Spalding Drive intersection

Village Parkway "Main Street" project
- Initiated concept design for Chamblee Dunwoody Road at Spalding Drive intersection
Brook Run Trail - Phase I - Grand Opening
This summer the City celebrated the grand opening of the 0.7 mile Phase I Brook Run multi-use trail. This 12-foot wide, ADA accessible, multi-use concrete trail increases the usability of the vast expanses of Brook Run Park - creating connectivity between existing and future amenities within the park and providing a safe and accessible opportunity for walking, jogging, and biking for users of all abilities. The City is in the midst of permitting for construction on Phase II which will complete the 2 mile loop within Brook Run Park (construction is planned for 2014). In 2013 the City also successfully negotiated an easement with a neighboring property to extend the trail down Nancy Creek and eventually connect to the new park areas in Georgetown such as the Georgetown Park signature playground and central square area. The trail in these areas is already under construction.

Zoning Code Rewrite
In January 2012, to help implement and ensure consistency with the City’s adopted Comprehensive Land Use Plan, Comprehensive Transportation Plan, and area Master Plans, the City initiated a comprehensive rewrite of its Zoning Ordinance and Land Development Ordinance. After an 18 month process with over 50 community meetings, the City Council held two special called meetings to focus on reviewing the topics and issues identified by our community and the members of the Community Council and Planning Commission. The new ordinances were adopted at the October 14th Council Meeting. The new ordinances have been noted for their clarity, consistency, and improved readability with charts, tables, and illustrative graphics.

Crime Response Team
In 2013 the Police Department continued to work aggressively to maintain and improve our community’s safety. In particular, the Crime Response Team has been a signature addition to our efforts in 2013. Hitting the streets in May, the Crime Response Team has enabled the Police Department to assign targeted responses to reported crime and preemptive responses to predicted crime trends. The Crime Response Team immediately began making a positive impact through citing offenders and arresting multiple suspects. With just a few months on the job, the Crime Response Team has been instrumental in reducing Part 1 crime in Dunwoody by 4.1% through the end of the year.
