

**MEMORANDUM**

**To:** Mayor and City Council

**From:** Chris Pike, Finance Director

**Date:** November 13, 2017

**Subject:** **Financial Report for the YTD through September 30, 2017**

---

Following are the financial highlights for through September 30, 2017. Overall revenues are tracking ahead of budget but behind the prior year. Significant budget surpluses include occupational taxes, due to a successful Occupational Tax Roundup and more businesses renewing during 2017, and hotel/motel taxes, which were positively affected by the higher hotel/motel revenues due in large part to hurricane evacuation traffic. Building permits were running both behind budget and behind the prior year pace. However, since September 30<sup>th</sup>, we have received State Farm's Phase II building permit which places building permits well over budget for 2017.

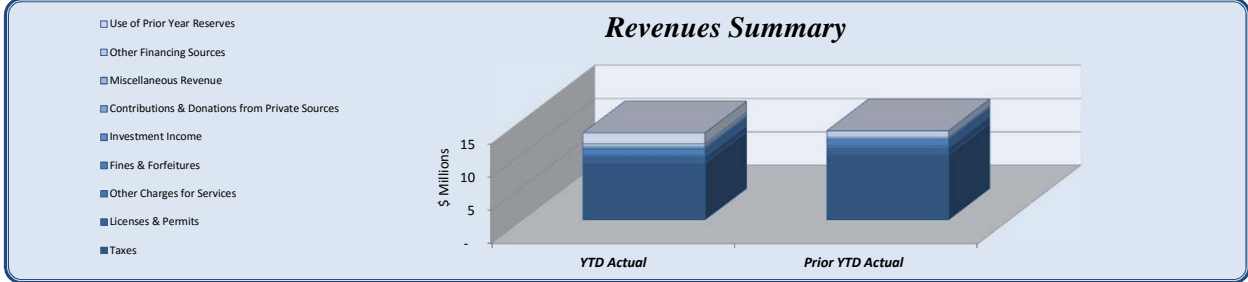

Overall, expenditures continue to track below budget. Specific line items are of significance. Police department expenditures and specifically personnel costs are significantly under budget due to a disciplined watch on overtime. Community development is also showing a significant budget surplus, but this will also be reduced in the following months as a portion of the community development administrative services are based on a percentage of the permit revenue received. Nothing noted above should have any impact on operational goals and projects for 2017.

The budget amendment approved in October will reshape the look of the capital projects budgets for the remainder of the year.

*As Finance Director, I have reviewed this report. I am not aware of any material untrue statements or material omission; nor do I consider anything misleading. The financial statements and related information fairly present the financial condition and the results in all material respects. Management is responsible for internal controls and periodically evaluates these internal controls. No deficiencies in internal controls were discovered.*
