## MEMORANDUM

**To:** Mayor and City Council  
**From:** Christopher Pike, Finance Director  
**Date:** February 12, 2018  
**Subject:** **Annual Financial Report 2017**

Following are the financial highlights for 2017. Before the highlights, I want to remind Council the numbers below are unaudited and will be adjusted prior to the completion of the 2107 audit. Also, there are several approved projects in the 2017 budget that are still underway. The funding for these projects will be reallocated to 2018 in a subsequent amendment as we have done in the past. I add this reminder to caution the Council that the appearance of such a large surplus at year end is somewhat deceptive. There will be a surplus and it will reflect stronger than anticipated revenues with lowered expenses; just not as high as what you see on the following pages.

Our unaudited YTD numbers continue to trend strong for the City with most revenues at or above expectations. Business and occupation tax, real property taxes, franchise fees, insurance premium tax, and E911 revenue are pacing to end the year well above initial budgeted levels. Year-to-date E911 revenues have exceeded the annual budgeted amount creating a budget surplus and lessening the use of general fund transfers to E911. Building permits is anticipated to finish substantially over the budgeted amount due to Phase 2 of the State Farm project beginning in 2017. Additionally, proceeds from sales of property fell short of budget due to the anticipated closing being delayed to the beginning of 2018. This closing did take place at the beginning of January which will be reflected in the 2018 financials. Property tax revenues were strong as were insurance premiums tax. Court revenues were noticeably above prior years and the budget as well. Rental income exceeded budget due to taking ownership of the 4800 building and the tenants we inherited.

Expenses are as expected. All departments, except Community Development show overall positive variances. The budget overage for Community Development is directly related to the increase in building permit revenue. A budget amendment to capture variances such as these will come at a later date. Departments with notable positive variances include Parks and Recreation, and Police. The positive variance in Police was related to both strategic management of resources and positions being open in that department. Parks and Recreation's positive surplus was primarily related to the remaining funds from the Master Parks Plan. As indicated in the plan, any remaining funds from developing the Master Parks Plan will be moved to capital in order to use those funds to accomplish the Master Parks Plan. A budget amendment will be made at a later date to capture this adjustment as well as any projects delayed in 2017. Please ignore the Rentals budget in Finance. We did not actually have \$340,000 less cash paid for rent. That number can be deceiving in that it includes a non-cash entry to write off the an amortizable balance sheet account due to leaving the old city hall two [fiscal] years before anticipated.

Over the next few weeks, Finance will work with department heads, the city manager and council to identify the portion or the 2017 surplus to appropriate into a 2018 budget amendment. We will also have an amendment to finalize the 2017 budget to capture items such as the expenditures related to hotel motel tax transferred to CVBD and inspection services to our community services contractor.

*As Finance Director, I have reviewed this report. I am not aware of any material untrue statements or material omission; nor do I consider anything misleading. The financial statements and related information fairly present the financial condition and the results in all material respects. Management is responsible for internal controls and periodically evaluates these internal controls. No deficiencies in internal controls were discovered.*

**City of Dunwoody**
