Sustainability Committee

Interest and Experience *(Please also attach or submit a resume)*

Why are you interested in serving on a board / commission / committee?
I am currently in my junior year at DHS and a big supporter of sustainability. Thought I already volunteer at the Packaged Good and the Dunwoody Nature Center, I am looking to helping the city of Dunwoody in regards to a cleaner environment. I believe it is critical that

the youth of Dunwoody get involved in making our community greener.
What experience do you possess that would be of benefit to a board / commission / committee?
Beginning in my freshman year at Dunwoody High School, my friend and I created the Green Club, the very first recycling program at our school. Through the past three years, we have recruited student around our school in thinking “green” and in recycling once a week at DHS. My background in recycling and sustainability amongst students would fuel my ability to advocate for and spread the movement amid the upcoming generation of our city.

Objective

Throughout the many years of school, sports, church, and volunteering, I have consistently been devoted to everything that I have been involved in. In and of school, I believe leading by serving is one of the best ways to show others how to become determined and driven for a cause. In school, my volunteering and leadership skills are shown in the National Beta Club and a recycling organization that I have created at my school. Furthermore, my leadership and teamwork are also displayed in the sports I play: national beach volleyball and high school cross country. Success in sports is driven by teamwork. I continuously demonstrate my strong work ethic by rising above as a leader and helping others achieve success. Excelling in academics and sports has developed my character and my motivation to achieve success in all aspects of my life. One of my greatest passions is becoming a bigger part of the Church (Passion City Church). I am a part of the youth ministry where teen-age girls learn how to become bigger leaders. In my freetime, I love to travel and experience different cultures of the world through food, dance, music, etc. In high school, my greatest interests are in Spanish, science, and mathematics. My passion for these subject areas has led me to excel in academics and become pursuant in receiving job shadows and internships in these fields. Currently, I plan to earn a bachelor degree in business or data analytics with a minor in Spanish.

Work Experience

June 2016

Job Shadow| SunTrust | Atlanta, GA

With the WIT (Women in Technology) organization, I was able to shadow several women in the technology departments at the SunTrust corporate offices in downtown Atlanta. There, I was a part of a team of high school girls that attended executive meetings, presentations, and conferences. One project we worked on was helping build the brand of SunTrust through the new generation.

June 2017

Job Shadow | Rev.io | Buckhead, GA

With the WIT program, I shadowed a smaller technology company, Rev.io. I became exposed to the start-up company working environment. I was mentored by several women there to help code and design a website that was later presented to the WIT association and the company Rev.io.

June 2018

Job Shadow | EY | Alpharetta, GA

With the WIT program, I spent a week at Ernst & Young at the Alpharetta delivery location where I shadowed programmers/developers, IT testers, and business analysts. It was an in-depth learning of how E&Y manipulates and minimizes tasks for customers by utilizing technology and robotics.
