**Tank Reservoir Elevation - SIDE 1**

Planar measurements of graphics.

Tank measurements shown are based on a typical 500k gallon tank and client-provided graphics.

Owner/Engineer should verify all sizing prior to final approvals and production.

**Quantity: (1) side.**  
**Orientation, and vertical placement to be determined in the field.**

Note:  
Vertical center position of logo graphics should be located within the equator area as much as possible for best visibility and avoid excess distortion.
