MEMORANDUM

To: Mayor and City Council

From: Michael Smith, Public Works Director

Date: March 11, 2019

Subject: Resolution to Establish a Traffic Calming District for Spalding Estates

ITEM DESCRIPTION

The purpose of this Resolution is to establish a Traffic Calming District, and authorize the installation of Traffic Calming for that portion of Spalding Estates in Land Lot 378 of the 18th District on Coronation Drive between Spalding Drive and Aurora Lane.

BACKGROUND

The residents along Coronation Drive approached the city with an initial petition for traffic calming measures to address the speed and volume of vehicles traveling through the neighborhood. The city's current policy requires for the 85th percentile speed to be more than 11 mph over the posted speed, except on streets where there are more than 1,000 vehicles per day, the 85th percentile speed must be 9 mph or more over the posted speed. On May 15, 2018, the city's traffic study counted 1,000 vehicles on Coronation Drive with an 85th percentile speed of 35 mph which meets the city's criteria for traffic calming eligibility.

A community meeting was held on in September 2018 to provide information about the process, discuss alternative traffic calming measures, and gain input from the residents within the affected area. The resulting concept consists of two neighborhood traffic circles at intersections and three speed humps on Coronation Drive as shown on the traffic calming plan.

The final petition process based on the proposed concept was conducted by the residents. The neighborhood returned the completed petitions within the required 90 days and the Public Works Staff has verified the owners and signatures on the petition. With 46 of the 65 affected households signing the petition in favor of this concept, the percentage of households (70%) in support of the proposed traffic calming measures exceeds the 65% minimum required to establish the traffic calming district.

RECOMMENDED ACTION

Staff recommends approval of the Resolution to establish a Traffic Calming District and authorize the installation of the traffic calming for that portion of Spalding Estates located in Land Lot 378 of the 18th District on Coronation Drive between Spalding Drive and Aurora Lane.
