

MEMORANDUM

To: Mayor and Council

From: Richard Hathcock, Senior Planner

Date: January 27, 2020

Subject: **SLUP 19-03:** Paul Ludwig on behalf of Saint Barnabas Anglican Church at 4795 North Peachtree Road, Dunwoody, GA 30346 seeks a Supplement Land Use Permit to allow for an addition of classroom space and administrative offices to supplement their institution.

BACKGROUND

The subject property, in question, is located along the southeast of the Peeler Road and North Peachtree Road intersection. The property consists of approximately 3.857 acres. This parcel contains 2 structures of which both are 1-story stucco buildings and the northern most structure has a basement. The property is bounded by Summer's Landing Senior Living to the north, Dunwoody North subdivision to the east, Brook Run Park to the west, Saint Patrick's Episcopal Church to the south.

4800 Ashford Dunwoody Road
Dunwoody, GA 30346
Phone: (678) 382-6800
dunwoodyga.gov

In 2004, the site was approved for a Special Land Use Permit (SLUP) for the expansion of an institutional use for a new sanctuary and accessory educational building. After review of the SLUP 04-002 file, the SLUP was conditioned to a specific site plan. That site plan allowed for a 24'X56' temporary modular classroom building. The applicant is now requesting to add permanent classroom and administrate office space, which will attach to the existing structure.

The applicant is not requesting to change any access points to the property nor are they requesting any changes to parking. The applicant is proposing 4 trident maple or equivalent trees and a variety of scrubs to be placed between the proposed structure and North Peachtree Road. As proposed, the applicant will need an approved Administrative Variance to encroach into the front yard setback, which is subject to a separate review process.

However, the northern portion of this locate has been designated for a future phase. The plans show potential locations of new detention facilities. The applicant is, also, proposing to add a trees along the rear of the property with this proposal.

Seeing that this property is located within the R-100 zoning district, any new construction of a place of worship requires a SLUP.

ANALYSIS

Relevant excerpts from the code and portions of the Comprehensive Plan related to the Suburban Neighborhood Character Area are attached. The Future Land Use Map, also, has this parcel labeled as Public/Institutional. A Surrounding Land Analysis is detailed below, for reference.

Surrounding Land Analysis

Direction	Zoning	Future Land Use	Current Land Use
N	RM-150	Multi-dwelling Residential	Apartments (The Bricks)
S	R-85	Public/Institutional	Saint Patrick's Episcopal Church
E	R-85	Single-Family Dwelling	Single-Family homes
W	R-85	Parks, Recreation, Conservation	Brook Run Park

Conditions of the Zoning Ordinance

Chapter 27, Section 27-359 identifies the following criteria to be applied by the department of planning, the planning commission, and the city council in evaluating and deciding any application for a special land use permit. No application for a special land use permit shall be granted by the city council unless satisfactory provisions and arrangements have been made concerning each of the following factors, all of which are applicable to each application:

1. Whether the proposed use is consistent with the policies of the comprehensive plan;

4800 Ashford Dunwoody Road
Dunwoody, GA 30346
Phone: (678) 382-6800
dunwoodyga.gov

The proposed use is consistent with the current Comprehensive Plan. The subject parcel is located in the 'Public Institutional' future land use category, which calls for governmental uses, churches, cemeteries, libraries, and any publicly owned land.

2. Whether the proposed use complies with the requirements of this zoning ordinance; **The plan appears to be substantially compliant with the proposed zoning district classification, R-100 meeting the requirements for maximum density, impervious surface ratio, and parking ratios. The "place of worship" use is only allowed use by the approval of a Special Land Use Permit (SLUP).**

Whether the proposed site provides adequate land area for the proposed use, including provision of all required open space, off-street parking and all other applicable requirements of the subject zoning district;

The subject parcel is currently zoned R-100c and contains approximately 3.857 acres of land. This is adequate for the use as proposed by the applicant.

3. Whether the proposed use is compatible with adjacent properties and land uses, including consideration of:
 - a. Whether the proposed use will create adverse impacts upon any adjoining land use by reason of noise, smoke, odor, dust or vibration generated by the proposed use; **The proposed use will not generate adverse impacts from excessive noise, smoke, odor, dust, or vibration towards adjoining land uses.**
 - b. Whether the proposed use will create adverse impacts upon any adjoining land use by reason of the hours of operation of the proposed use; **The proposed use will not create adverse impacts upon any adjoining land use due to the hours of business operations.**
 - c. Whether the proposed use will create adverse impacts upon any adjoining land use by reason of the manner of operation of the proposed use; **The use will not be different from what is currently carried out in the surrounding area, so it should not create adverse impacts on neighboring land uses.**
 - d. Whether the proposed use will create adverse impacts upon any adjoining land use by reason of the character of vehicles or the volume of traffic generated by the proposed use; **It is unlikely that adjacent land uses will be adversely affected by the volume of cars created by expanding the use of the existing structure.**
 - e. Whether the size, scale and massing of proposed buildings are appropriate in relation to the size of the subject property and in relation to the size, scale and massing of adjacent and nearby lots and buildings; and **The applicant is only proposing 40% impervious surface of the 60% allowed and the proposed structure is similar in size to the St. Patrick's Episcopal Church.**
 - f. Whether the proposed plan will adversely affect historic buildings, sites, districts, or archaeological resources. **The proposed plan will not have an impact on any historic buildings, sites, districts, or archaeological resources.**

4800 Ashford Dunwoody Road
Dunwoody, GA 30346
Phone: (678) 382-6800
dunwoodyga.gov

4. Whether public services, public facilities and utilities—including motorized and nonmotorized transportation facilities—are adequate to serve the proposed use;
The current infrastructure is adequate to serve the proposed use.
5. Whether adequate means of ingress and egress are proposed, with particular reference to nonmotorized and motorized traffic safety and convenience, traffic flow and control and emergency vehicle access;
The existing infrastructure has the capacity to adequately and safely control traffic flow with little to no increase expected.
6. Whether adequate provision has been made for refuse and service areas; and
Existing refuse and services are adequate.
7. Whether the proposed building as a result of its proposed height will create a negative shadow impact on any adjoining lot or building.
No negative shadow impact will occur on any adjoining lot or building.

RECOMMENDATION

Staff recommends **APPROVAL with Conditions** the application for the Special Land Use Permit per Chapter 27, Section 27-57.

1. The construction shall be substantially similar to the Site Plan dated October 28, 2019.
2. If construction has not started within one (1) year, this approval shall be void.
3. Outdoor / site lighting shall be 3000K color temperature or less and 85 CRI (Color Rendering Index) or more.

On December 10, 2019, the Planning Commission recommended **APPROVAL with staff conditions** of this application.

STATE OF GEORGIA
CITY OF DUNWOODY

ORDINANCE 2020-XX-XX

**AN ORDINANCE TO AMEND THE CITY OF DUNWOODY ZONING MAP FOR
ZONING CONDITIONS OF LOT PARCEL NUMBER 18 354 13 030 IN
CONSIDERATION OF SPECIAL LAND USE PERMIT 19-003 (4795 North
Peachtree Road, Dunwoody, Georgia 30338)**

WHEREAS: Notice to the public regarding said modification to conditions of zoning has been duly published in The Dunwoody Crier, the Official News Organ of the City of Dunwoody, Georgia; and

WHEREAS, Saint Barnabas Anglican Church, located on the east side of North Peachtree Road between intersections with Peeler Road and South Georgia Way, has requested an SLUP to expand its existing uses to include additional classroom and administrative spaces beyond the conditions of their previous SLUPs granted by DeKalb County, in 2004, composed of a new sanctuary; and

WHEREAS: the Mayor and City Council have conducted a public hearing as required by the Zoning Procedures Act prior to adoption of this Ordinance.

NOW THEREFORE, The Mayor and City Council of the City of Dunwoody hereby ORDAINES and APPROVES the Special Land Use Permit 19-003 to expand the structures of the currently-existing place of worship and accessory uses subject to the following Exhibits and conditions:

Exhibit A: Conceptual Site Plan (Sheet C001) dated 10-28-2019.

Exhibit B: Conceptual Landscape plan (Sheet L-001) dated 10-28-2019.

1. Development of the site shall be substantially consistent with the above Exhibits.
2. If construction of the proposed development has not started within one (1) year, this approval shall be void.
3. Outdoor / site lighting shall be 3000K color temperature or less and 85 CRI (Color Rendering Index) or more.

SO ORDAINED AND EFFECTIVE, this ____ day of _____, 2020.

Approved by:

Lynn Deutsch, Mayor

St. Barnabas Anglican Church

4795 North Peachtree Road, Dunwoody, GA 30338

Application for a Special Land Use Permit

Project Explanation Statement

St Barnabas Anglican Church has experienced steady growth over the last several years. In 2005 we completed a new sanctuary. Unfortunately, we could not afford to build the necessary supporting classrooms and offices. With our growth over the last several years, it is now time to address these needs for our parishioners.

We are applying for the SLUP to allow us to construct approximately 4,885 square feet of classrooms, office space and support space. Though not contemplated to be done in the first phase, we are planning for future parking lot and inter-parcel connections.

Total Acreage 3.587 acres

Current Zoning R100 c with SLUP 04002

Current Square Footage: 11,064 sf

St Barnabas has served the families in Dunwoody since purchasing the property in early 1990's. The proposed expansion will allow us to continue in our mission and increase our church and community activities and learning opportunities. Currently the church has a special land use permit for a religious use in a residential zoning classification. This will remain the same with this new permit.

Even after the proposed building expansion, St Barnabas will have a significant natural area to the just to the north of the church building and parking. Currently there are no plans to expand into this area. We located the new building expansion between the existing building and North Peachtree Road. This was for both operational reasons but also to reduce our impact to the open areas and our neighbors.

Church activities are primarily focused on Sundays with a lighter use during the weekdays. The traffic generated by our parishioners is representative of this use with most of the traffic centered around during the day on Sunday. Currently we have masses on Sunday 9:00 am and 11:00 am with other church activities going into the afternoon. The new classrooms and offices provide space sorely lacking from our last addition of the sanctuary in 2005. We are anticipating this will reinforce our steady growth over the years, but we don't expect a huge increase in attendance or traffic as a result of this additional space.

The proposed expansion's architectural design compliments and enhances the current historical look of the Church and maintaining the one-story appearance. No other structure will be affected by the work. Our entrance from North Peachtree, parking lot and other site features are not affected by this expansion. We did shift our dumpster pad farther into the property and farther away from our rear neighbors.

St. Barnabas Anglican Church

4795 North Peachtree Road, Dunwoody, GA 30338

Neighborhood Communication Summary

St Barnabas held a neighborhood meeting on September 26, 2019 at 7:00pm at the church. A letter invitation to the meeting was mailed out to the surrounding neighbors who are within 500 feet of the property (see attached letter, map and list of names). Notices were mailed out on August 29, 2019 and a notice (attached) was posted in the Dunwoody Crier on September 12, 2019.

Approximately eight (8) residents attended all of whom are from the neighborhood immediately behind the church. Representatives of the church in attendance included Bishop Chandler Jones, Senior Warden Vince Clanton, Vestry member Davis Hightower, Fundraising committee member Rod Derrick, Building committee member Paul Ludwig and parishioner Oz Baptiste.

The neighbors had three basic concerns:

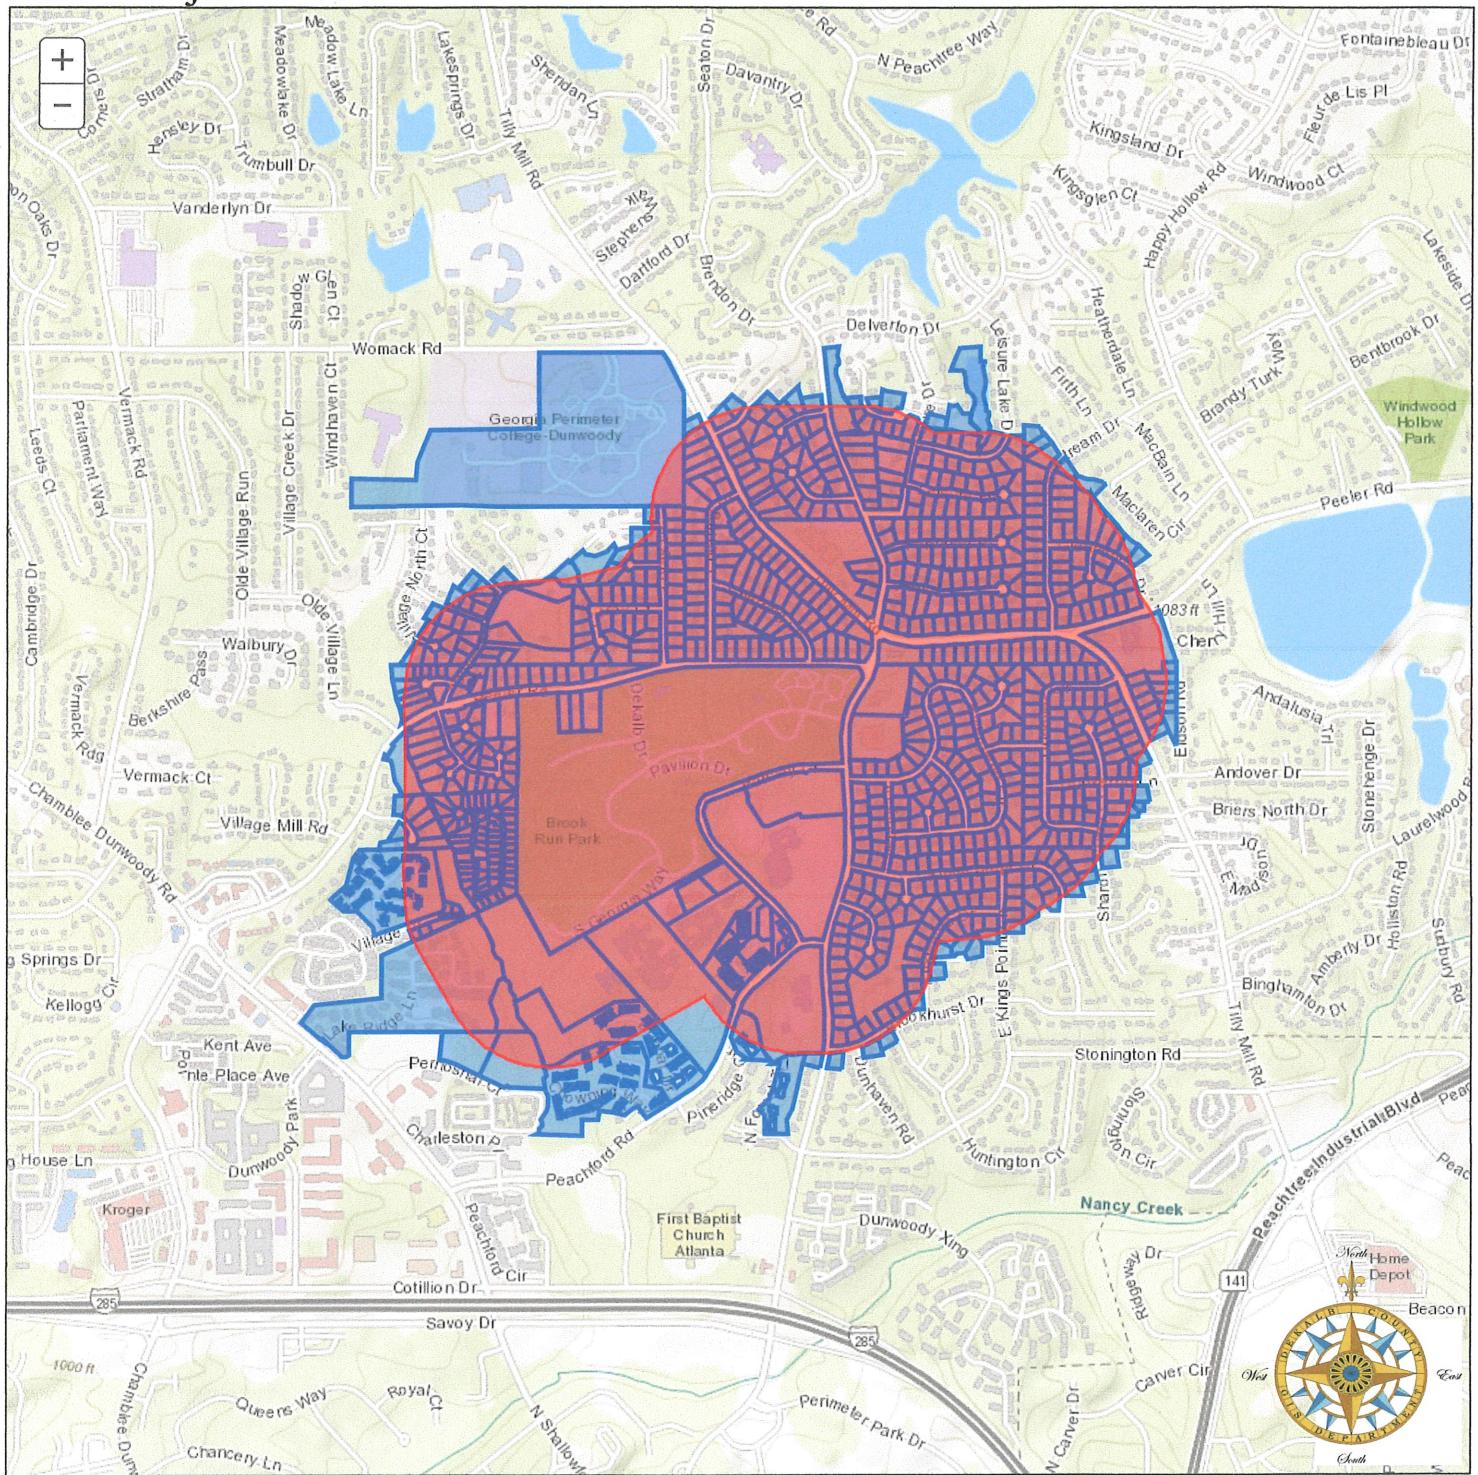

- 1.) **City of Dunwoody Intersection Improvements.** They were unhappy with the current status of the work by the City associated with the Tilly Mill/ North Peachtree intersection improvements. Comments were directed to the level of landscape planting to screen residents from the intersection and drainage.
- 2.) **Dumpster times and noise.** DeKalb County Sanitation empties the dumpsters in the surrounding properties at various times but usually early in the morning. The noise generated is a annoyance.
- 3.) **Site Lighting.** The neighbors asked if the spill over light from the site pole lights in the church parking lot could be reduced.

All the questions and comments regarding the look of the placement and appearance of the expansion was very complimentary. No issues were raised.

We responded to the neighbors by changing or adding the following items:

- 1.) We added several evergreen trees to the adjacent parcel. We also agreed we to strive for better weed control of our vacant land (north of church itself).
- 2.) We shifted the dumpster farther into the property and committed to reminding DeKalb county sanitation to obey the Noise ordinance restriction.
- 3.) We agreed to replace the heads of our current pole lights with new LED heads that allow more control of the light spread.

In whom all the building fitly framed together groweth unto an holy temple in the Lord
Ephesians 2:21

August 29, 2019

Dear Neighbors,

We have some wonderful news!

Saint Barnabas Anglican Church has grown steadily over the last several years! As with all growing churches, we find that we have outgrown some of our facilities, and plan to upgrade some spaces, and add to our classrooms and administrative spaces. We would like to invite you to come and visit our church, and take a look at our plans which are the result of our master plan, a process that has been in the making for about 18 months. We believe that this will accommodate our needs for the next 5 to 10 years.

For any changes to our site plan, the City of Dunwoody requires us to obtain a Special Land Use Permit (SLUP). For this process, we present a master plan to the City for approval. If approved, we would then start developing detailed plans for the actual building permit for that portion of the plan moving forward.

We will be applying for the SLUP in early October 2019. To this end, we would like to share our plans with our neighbors to answer any questions and hopefully gain your support. We hope that you will be able to attend our Neighborhood Meeting to learn about our plans, and tour our church:

When: September 26, 2019

Thursday

7:00pm

Where: Saint Barnabas Anglican Church

4795 North Peachtree Road

Dunwoody, GA 30338

We look forward to seeing you and sharing our good news!

In Our Blessed Lord,

Bishop Chandler Holder Jones, SSC
Rector

SPORTS

DUNWOODY 37, CHAMBLEE 0

Wildcats move to 1-1 with dominant defensive performance

By BOB FISCELLA
For The Crier

The Dunwoody Wildcats may not have collected many style points in Friday night's game against the Chamblee Bulldogs, but they scored more than enough points to rout their rivals from inside the perimeter 37-0 to notch their first win of the season. It was Dunwoody's first shutout since blanking Chamblee two years ago.

"The defense is playing out of its mind right now," Dunwoody coach Mike Nash said. "We have faced a run team and a pass team and the boys have done well. They are playing better than we ever expected considering we have only one returning starter from last year."

The Wildcats (1-1) knocked Cham-

blee's starting quarterback, Finn Allers, out in the first half, and then kept his backup, Fabian Walker, under pressure all game. Dunwoody intercepted three passes and limited Chamblee to just 121 yards of total offense. Senior lineman Isaac Anderson was a one-man wrecking crew with 12 tackles, including one for a loss.

"The guys deserve a ton of credit," Nash said. "It will get tougher from here as the offenses become more complex, but we have confidence that they will rise to the challenge."

Junior quarterback Davis LeDoyen continues to rise to the challenge, throwing four touchdown passes, two to senior David Julian, as the Wildcats raced out to an early lead and never looked back.

"Davis has real talent at QB," Nash

Dunwoody's Tyler Eith holds on to get a touchdown reception against Chamblee.

said. "He is also a student of the game. We have to make sure we don't get ahead of ourselves. He has enough talent that sometimes I put too much on

him and I have to watch out for that. We need to execute our game plan each week and not get too fancy."

Despite the solid performance by LeDoyen and the 37 point outburst, Nash says the offense has room to improve. Dunwoody had just 200 yards of offense and fumbled twice.

"We did not really play very well offensively," said Nash. "We can't fumble the ball if we want to compete for a playoff spot in this region. That being said, it is always better to come out with a win when you don't play to your potential."

The Wildcats face Cambridge on Friday night in Milton in their first region game of the season.

"We need to win this one," Nash said. "Our goal is to make the playoffs. We are close enough to the kitchen to smell what they are cooking, but now we need to take a place at the table so we can eat!"
