## MEMORANDUM

**To:** Mayor and City Council

**From:** Todd Meadows, Construction Manager

**Date:** June 15, 2020

**Subject:** **Approval of a Construction Contract for the Chamblee Dunwoody – Georgetown Gateway Project**

---

### **ITEM DESCRIPTION**

Approval of a contract for \$6,111,013 with SD&C, Inc. to construct sidewalk, shared use path and streetscape improvements on Chamblee Dunwoody Road from Cotillion Drive to Peeler Road.

### **BACKGROUND**

The need for improvements along Chamblee Dunwoody Road is identified in both the Georgetown/North Shallowford Master Plan and the city's Comprehensive Transportation Plan (CTP). The purpose of the project is to add a shared use path along Chamblee Dunwoody Road, and improve existing sidewalks while making minor traffic operational improvements within the existing roadway.

The Georgetown/North Shallowford Master Plan also envisions enhancements to the area's identity, character, and appearance as a gateway into the City of Dunwoody. The Georgetown Gateway project includes landscaping, street trees and pedestrian lighting along the corridor except at the southeast end of the project where right of way constraints limited the ability to improve the existing sidewalk. A gateway entry feature with a wall and landscaping has also been designed for the corner at Cotillion Drive. Potential impacts of GDOT's Top End project will be evaluated and coordinated to determine the timing of construction at this corner.

In April, the city received authorization from GDOT to advertise for construction bids. The bid advertisement was posted on April 24<sup>th</sup> and a public bid opening was held on May 26<sup>th</sup>. The city received 8 bids with SD&C, Inc. submitting a low bid of \$6,111,013.09. After reviewing their submittals and references, SD&C was found to be the low responsive bidder meeting the requirements of the bid. (Bid tabulation attached)

### **FUNDING**

4800 Ashford Dunwoody Road  
Dunwoody, Georgia 30338  
dunwoodyga.gov | 678.382.6700

The construction funding sources for the Georgetown Gateway project are as follows:

<u>Funding Source</u>	<u>Project Number</u>	<u>Amount</u>
CST Surface Transportation Block Grant (Federal)	P.I. #0012875	\$5,200,000
DeKalb Co. Watershed		\$566,777
City of Dunwoody HOST Fund Balance	405	\$3,283,000
Total Available Funding		\$9,049,777

The \$6,111,013 construction bid with an additional 10% contingency, construction management and testing costs is well below the project budget.

**SCHEDULE**

The project requires major relocations of multiple utilities. Additionally, DeKalb County Watershed Management has determined that the existing 6-inch water main should be upgraded to a 12-inch main and Atlanta Gas Light has elected to completely replace the gas main. Due to the complexity and magnitude of the utility work, the utility companies have provided a 2-year timeline from the time of notice to proceed later this year to final completion of all relocations and facility replacements. The anticipated date for the city’s contractor to actually begin construction is early 2022 and be completed in 2024.

Upon City Council approval, Public Works will request funding approval from DeKalb County for the water main work and submit the bids to GDOT for final approval. It typically takes 60 to 90 days for GDOT to review the bids and execute the construction agreement. Utility relocation can beginning immediately following receipt of GDOT’s notice to proceed to construction.

**RECOMMENDED ACTION**

Staff recommends award of a construction contract in the amount of \$6,111,013.09 to SD&C, Inc. and authorization of an additional 10% contingency.
