

MEMORANDUM

To: Mayor and Council
From: Richard Hathcock, Senior Planner
Date: March 9, 2020
Subject: Text Amendment
Chapter 27—Breweries Ordinance

ITEM DESCRIPTION

This item is a request to consider zoning text amendments to the *Chapter 27-Zoning Ordinance* and to revise definitions within *Chapter 4- Alcoholic Beverage Ordinance*. The proposed revisions are attached to this memo.

DISCUSSION

Microbreweries and breweries have seen a sharp rise in popularity throughout metropolitan Atlanta. Staff desires to determine suitable zoning districts for the allowance of this use and other similarly associated uses. This ordinance is a means to set specific standards as to where microbreweries and breweries can be located and provisions to the size of the development of these uses.

This ordinance sets forth standards for the barrel production of malt beverages. The industry standard for microbreweries is 15,000 barrels of malt beverages, annually. Whereas, any production over 15,000 barrels would be classified as a brewery. There shall, also, be a limit to the size of the development of microbreweries and distilleries, which shall be a 15,000 square foot building foot print.

Attached are required updates to Chapter 4-Alcoholic Beverages and Chapter 27-Zoning Ordinance. You will find attached the updated definitions; uses tables for commercial, nonresidential districts and Perimeter Center zoning districts; and updates to the supplemental use regulations.

RECOMMENDATION

Staff recommends **APPROVAL**.
