MEMORANDUM

To: Mayor and City Council

From: Michael Smith, Public Works Director

Date: May 27, 2025

Subject: **Allocation of Additional Local Maintenance and Improvement Grant Funds**

ACTION

Authorize the Mayor, City Manager, or designee to execute all documents necessary and proper to apply for Local Maintenance and Improvement Grant (LMIG) funds from the Georgia Department of Transportation and to allocate the funds to sign replacement, pavement marking and additional paving.

SUMMARY

The state is distributing surplus 2025 funds to cities and counties to be used for various transportation maintenance and construction activities. Dunwoody is slated to receive approximately \$617,605 in addition to the \$503,414.35 that the city received earlier this year and applied to the 2025 paving program.

Public Works recommends allocating the additional LMIG funds as follows:

Additional 2025 Paving	\$350,000
Saffron Drive, Saffron Court, Waterford Drive from 2026 Paving List	
Traffic Sign Replacement	\$200,000
Sidewalk Curb Ramp ADA Upgrades	\$50,000
Pavement Marking Refresh	\$17,605

Based on City Council discussion at its May 12th meeting, Jett Ferry Road will not be moved up from the 2026 paving list to allow time to evaluate potential pavement marking changes.

DETAILS

The city has historically used LMIG to supplement city funds for annual road resurfacing because paving is a recurring cost, and the LMIG funds can be quickly and efficiently allocated to annual paving contracts. This year, Public Works also recommends allocating a portion of the additional funding to sign replacement, sidewalk curb ramp ADA upgrades and refreshing pavement markings. Improving signage and markings was an action item from the City Council retreat and additional funding will help improve safety by increasing visibility at night, particularly for older drivers. The city's Americans with Disabilities Act (ADA) Transition Plan identifies a number of locations where sidewalk curb ramps need to be reconstructed to meet accessibility requirements. Using LMIG funding for these items releases city funds for other maintenance and improvement projects.

RECOMMENDED ACTION
