

Sustainability Committee

Annual Update to Council
April 27, 2026

Notable Successes in the Last Year

- Organized 2 Green Speaks (August 2025 and March 2026)
- Led Pollinator Education Booth at Nature Center's Butterfly Experience
- Manned Committee Table at 3 Farmer's Market Saturdays last summer
- Wrote Numerous D-News Articles
- Supported City Solar RFP and participated on bid review team
- Held 2 electronic waste recycling events
- Participated in April 15 Roots Down Regenerative Lawncare Workshop with municipal leaders

Upcoming Plans

- May 20 Green Speak on Home Energy Efficiency
- June 3 special meeting with City Council
- Encourage residential and restaurant composting
- Education on rooftop solar and electric vehicles
- Review pertinent City Ordinances
- More summer tabling at the Farmer's Market and D-News Articles
- One more electronic waste recycling event
