

To: Mayor and City Council

From: Carl Thomas, Stormwater Utility Manager

Re: Funding Authorization for 2428 Sandell Drive Storm Repairs

Date: March 27, 2023

<u>Action</u>

Authorize the Mayor, City Manager, or designee to approve \$74,361.60 in funding for Stormwater Pipe Repairs at 2428 Sandell Drive.

Summary/Details

Structural deficiencies to the storm system on Sandell Drive were identified performing routine site inspections to the storm infrastructure. The pipe system is composed of +/- 120 linear feet of 21 and 36-inch corrugated metal pipe (CMP) that is approximately 54 years old and in poor condition. Closed-Caption Television (CCTV) footage discovered corrosion, visible holes, and minor joint separation. Recommended repairs include:

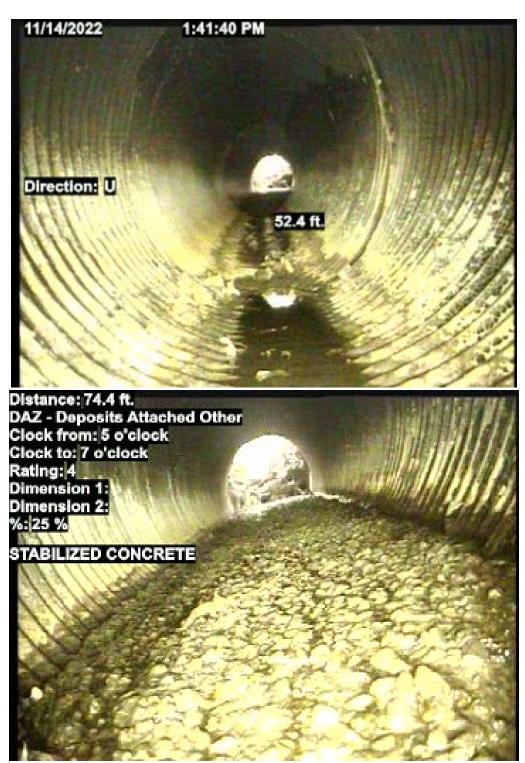

- Repair +/- 120 LF of 21 and 36-inch CMP with Cured-In-Place Pipe (CIPP) liner
- Remove four cubic yards of flowable fill
- 57 SY Bermuda Sod replacement

If approved by Council, this project will be funded from the American Rescue Plan Act (ARPA) budget allocated for stormwater improvement projects.

Recommendation

Staff recommends approving \$74,361.60 in funding for Stormwater Pipe Repairs at 2428 Sandell Drive.
