**OFFICES STATES** 

## **Engagement Team Leaders**

Adam Fraley, Engagement Partner | James Bence, Quality Review Partner | Josh Carroll, Engagement Director

## **Audit Opinion**

- Our Responsibility Under Auditing Standards Generally Accepted in the United States of America (GAAS)
  - We considered the internal control structure for the purpose of expressing our opinion on the City of Dunwoody's (the "City") basic financial statements and not for the purpose of providing an opinion on the effectiveness of internal controls.
  - Our audit was performed in accordance with GAAS and Government Auditing Standards.
  - Our objective is to provide reasonable—not absolute—assurance that the basic financial statements are free of material misstatement.
  - o The basic financial statements are the responsibility of the City's management.
- **Report on Basic Financial Statements** 
  - Unmodified ("clean") opinion on basic financial statements.
  - Presented fairly in accordance with accounting principles generally accepted in the United States of America.
  - Our responsibility does not extend beyond financial information contained in our report.
  - This entire presentation covers the **Dunwoody Convention and Visitors Bureau (the "CVB")** and the **Dunwoody Development Authority** as well. All results and communications are the same for the City, the CVB and the Development Authority.

## **Compliance Report and Audit Scopes & Procedures**

## Compliance Report

- The financial report package contains a report on our tests of the City's internal controls and compliance with laws, regulations, etc. The report is not intended to provide an opinion on internal controls and compliance with applicable rules and regulations.
- This report and the procedures performed are required by Government Auditing Standards.
- Report contains a clean opinion on the Highway Planning & Construction Cluster (AL # 20.205) and the Coronavirus State and Local Fiscal Recovery Program (AL #21.027).

## Audit Scopes and Procedures (Governmental Audit Programs Utilized in All Areas)

- Confirmed receivables (TIA), cash, debt and other elements.
- Vouched substantiated additions of capital assets, balances of construction in progress, and vouched significant retainage payable.
- Performed a search for unrecorded liabilities via review of unpaid vouchers and subsequent disbursements.

## **Required Communications**

#### Significant Accounting Policies

- Management is responsible for the selection and use of appropriate accounting policies.
- The significant accounting policies used by the City are described in Note 1 to the respective basic financial statements. The City implemented GASB Statement No. 87, *Leαses* effective 1/1/2022.
- The policies used by the City are in accordance with generally accepted accounting principles.
- In considering the qualitative aspects of its policies, the City is not involved in any controversial or emerging issues for which guidance is not available.

#### Management Judgment/Accounting Estimates

- Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events.
- The City uses various estimates as part of its financial reporting process allowance for doubtful accounts.

## **Required Communications (Continued)**

## Relationship with Management

- We received full cooperation from the City's management and staff.
- There were no disagreements with management on accounting issues or financial reporting matters.

#### Management Representation

• We requested, and received, written representations from management relating to the accuracy of information included in the financial statements and the completeness and accuracy of various information requested by us.

#### Consultation with Other Accountants

To the best of our knowledge, management has not consulted with, or obtained opinions from, other independent accountants during the year, nor did we face any issues requiring outside consultation.

## Significant Issues Discussed with Management

There were no significant issues discussed with management related to business conditions, plans, or strategies that may have affected the risk of material misstatement of the financial statements.

## **Required Communications (Continued)**

## Audit Adjustments

• There were no unrecorded or passed audit adjustments.

#### Financial Statement Disclosures

The footnote disclosures to the financial statements are also an integral part of the financial statements and the process used by management to accumulate the information included in the disclosures was the same process used in accumulating the statements. The overall neutrality, consistency, and clarity of the disclosures was considered as part of our audit.

#### Information in Documents Containing Audited Financial Statements

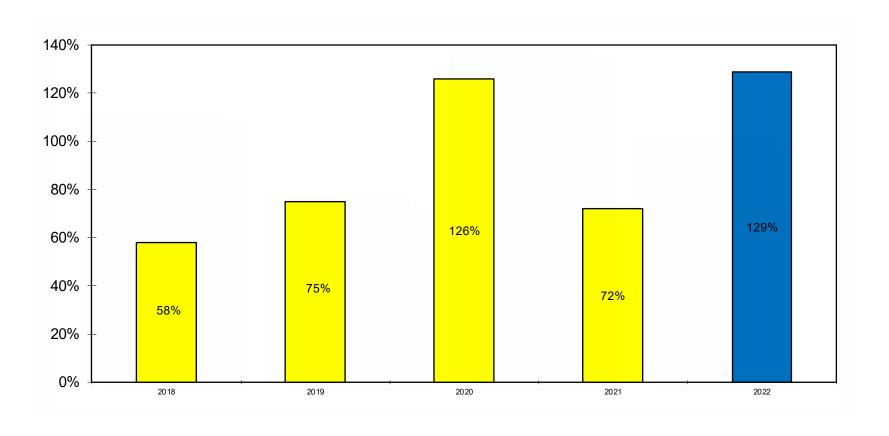

Our responsibility for other information in documents containing the City's basic financial statements and our report thereon does not extend beyond the information identified in our report. If you intend to publish or otherwise reproduce the financial statements and make reference to our firm, we must be provided with printer's proof for our review and approval before printing. You must also provide us with a copy of the final reproduced material for our approval before it is distributed.

#### Auditor Independence

In accordance with AICPA professional standards, M&J is independent with regard to the City and their financial reporting process.

## **General Fund – Unassigned Fund Balance Ratio to Expenditures**

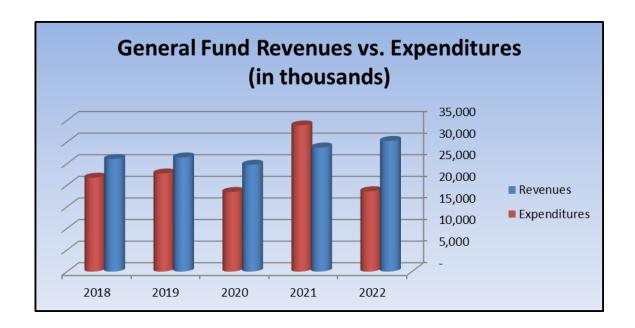

Source: The City's Annual Financial Reports

#### **General Fund**

More detailed explanations of variances can be found in the Management's Discussion and Analysis section of the financial statements. An analysis of General Fund revenues and expenditures for each of the last five fiscal years is as follows:

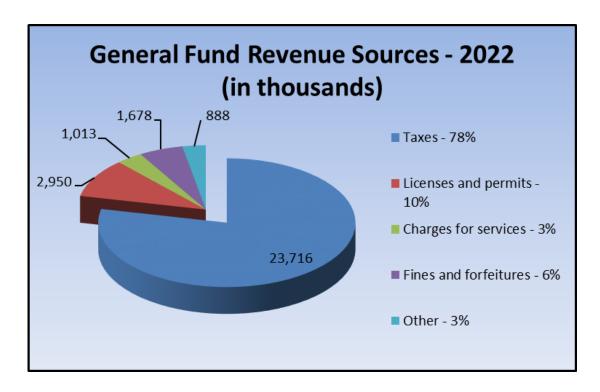

Note: The decline in expenditures is due to public safety salaries being moved to the ARPA Fund.

## **General Fund (Continued)**

Of primary interest to the City is the **General Fund**, which accounts for the majority of revenues received and funds expended in the operations of the City, including general government activities, judicial, public safety, public works, recreation, and community development. The following charts present the sources of revenues and the expenditures of the General Fund for the fiscal year ended December 31, 2022:

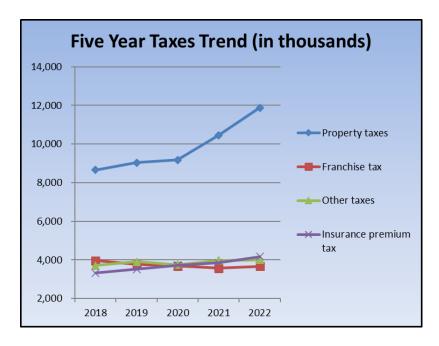

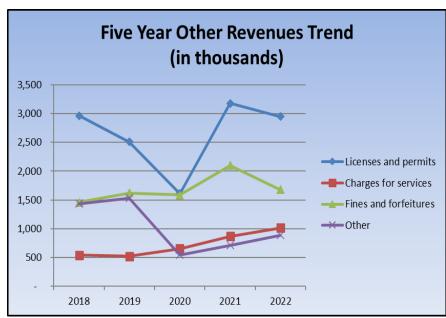

Source: The City's Annual Financial Reports

## General Fund (Continued)

Total General Fund revenues (in thousands) for the fiscal year ended December 31, 2022 were \$30,245. Revenues of the prior year were \$28,714. The most significant variances were increases in property taxes of \$1,419, decreases in licenses and permits of \$227, and decrease in fines and forfeitures of \$421. Below is a trending of the City's General Fund revenues over the past five (5) years:

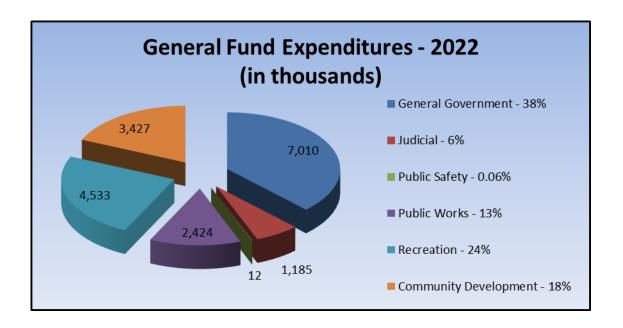

Source: The City's Annual Financial Reports

## **General Fund (Continued)**

Total expenditures (in thousands) during the year ended December 31, 2022 were \$18,590. Expenditures of the prior year were \$33,835. This was a decrease of \$15,245 mostly due to public safety salaries being moved to the ARPA Fund.

## **Comments & Recommendations**

## Management Recommendations for Improvement

**Compensated Absences Liability -** During our testing of the compensated absence liability, we noted the City did not include the FICA portion in the compensated absence liability. In accordance with Governmental Accounting Standards Board Statement No. 16, we recommend the City include the FICA portion in its calculation of the year end compensated absence liability.

## **Governmental Advisory Services**

## **Core Offerings**

#### Strategy

Develops and defines the future vision, goals, and objectives

- Innovation
- Long-Term Planning
- · Organization Management
- · Workforce of the Future Planning
- · Internet of Things/Market Disruptors Assessment
- · Artificial Intelligence/Robotics
- · Service Delivery Model Planning
- Strategy Mapping
- · Technology Consulting/ERP
- · Technology Solution/Vendor Selection
- · Operational Vision
- · Business Case

#### **Operational Efficiency and Effectiveness**

Ensures business processes and service delivery are provided in a manner maximizing targeted goals

- · Cost Containment
- · Operations Improvement
- · Program Delivery
- · Revenue Enhancement
- · Staffing Assessments
- Benchmarking
- · Technology Utilization
- Governance
- · Policy/Procedure Assessments
- Operations/Management Reviews

#### **Transformation**

Allows for the successful change from the current state to the desired environment or outcome

- · Change Management and Organizational Transformation Strategies
- Customer Service Optimization
- · Service Delivery Modeling
- · Technology/Workflow Design
- · Human Capital Management

#### Performance Measurement

**Ensures outputs and** outcomes are producing desired results

- · Budget Forecasting & Design
- Cost Accounting
- Data Science
- Grant Strategy
- Risk Assessments
- Internal Controls & Compliance
- KPI Design
- Benchmarking
- · Project Management
- · Independent Verification & Validation
- · Management/Dashboard Reporting

## **IT and Cybersecurity Solutions**

#### Cybersecurity Framework Engagements

 Performed as either a SOC for Cybersecurity under AICPA attestation standards, or as a consulting engagement under AICPA consulting standards

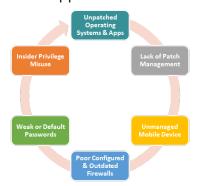

## System Vulnerability Assessment Engagements

 Process of defining, identifying, classifying and prioritizing vulnerabilities in computer systems, applications and network infrastructures, and providing an assessment with necessary knowledge, awareness and risks to understand the threats to determine appropriate reactions

#### Penetration Testing Engagements

 Practice of testing a computer system to find security vulnerabilities that a hacker attacker could exploit using automation or manual applications

## **New Accounting Pronouncements**

#### **New GASB Pronouncements for Future Years**

- Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements was issued in March 2020 and is effective for fiscal years beginning after June 15, 2022 which means year ends of June 30, 2023 and following.
- Statement No. 96, Subscription-Based Information Technology Arrangements was issued in May 2020 and is effective for fiscal years beginning after June 15, 2022 which means year ends of June 30, 2023 and following.
- Statement No. 100, Accounting Changes and Error Corrections was issued in June 2022 and is effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter.
- Statement No. 101, Compensated Absences was issued in June 2022 and is effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter. This statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means.

## **New Accounting Pronouncements (Continued)**

- New GASB Pronouncements for Future Years (Continued)
  - Other Pending or Current GASB Projects:
  - **Re-Examination of the Financial Reporting Model** GASB has added this project to its technical agenda to make improvements to the existing financial reporting model (established via GASB issued Statement No. 34). Improvements are meant to enhance the effectiveness of the model in providing information for decision-making and assessing a government's accountability. GASB anticipates issuance of a final standard in late 2023 or early 2024.
  - Revenue and Expense Recognition is another long-term project where the GASB is working to develop a comprehensive application model for recognition of revenues and expenses from non-exchange, exchange, and exchange-like transactions. The final standard is expected in mid 2027.
  - Going Concern Uncertainties and Severe Financial Stress is a major project where the goal is to address issues related to disclosures regarding going concern uncertainties and severe financial stress. The project will consider (1) improvements to existing guidance for going concern considerations to address diversity in practice and clarify the circumstances under which disclosure is appropriate, (2) developing a definition of severe financial stress and criteria for identifying when governments should disclose their exposure to severe financial stress, and (3) what information about a government's exposure to severe financial stress is necessary to disclose. Technical topic being examined by the GASB due to a wide diversity in practice regarding required presentation on the face of the financial statements, disclosures, etc. An exposure draft on this topic is expected by mid-2025.

## **Govt. Clients - Free Quarterly Continuing Education**

#### Since March of 2009 - For Over 12 Years!!

- Mauldin & Jenkins provides free quarterly continuing education for all of our governmental clients. Topics are tailored to be of interest to governmental entities. In an effort to accommodate our entire governmental client base, we offer the sessions several times per quarter at a variety of client provided locations resulting in greater networking and knowledge sharing among our governmental clients. We normally see approximately 180 people per quarter. Examples of subjects addressed in the past few quarters include:
  - Accounting for Debt Issuances
  - Achieving Excellence in Financial Reporting
  - Best Budgeting Practices, Policies and Processes
  - **Budget Preparation**
  - ACFR Preparation (two (2) day hands-on course)
  - Capital Asset Accounting Processes and Controls
  - Collateralization of Deposits and Investments
  - **Component Units**
  - Cybersecurity Risk Management
  - Evaluating Financial and Non-Financial Health of a Govt.
  - Financial Report Card Where Does Your Govt. Stand?
  - Financial Reporting Model Improvements
  - GASB Nos. 74 & 75, OPEB Standards
  - GASB No. 77, Tax Abatement Disclosures
  - GASB No. 84, Fiduciary Activities

- GASB Projects & Updates (ongoing & several sessions)
- Human Capital Management
- Grant Accounting Processes and Controls
- Internal Controls Over Accounts Payable, Payroll and Cash Disbursements
- Internal Controls Over Receivables & the Revenue Cycle
- IRS Issues, Primarily Payroll Matters
- Legal Considerations for Debt Issuances & Disclosures
- Policies and Procedures Manuals
- Segregation of Duties
- Single Audits for Auditees
- Special Purpose Local Option Sales Tax (SPLOST)
- Accounting, Reporting & Compliance
- Uniform Grant Reporting Requirements and the New Single Audit

» We appreciate the City's participation in these quarterly sessions.

#### **INTRODUCTORY SECTION**

June 7, 2023

The Honorable Lynn Deutsch, Mayor, Members of the City Council, And Citizens of Dunwoody, Georgia

#### Ladies and Gentlemen

State law and local ordinances require that every general-purpose local government publish a complete set of audited financial statements each fiscal year. This report is published to fulfill that requirement for the year ended December 31, 2022. Management assumes full responsibility for the completeness and reliability of the information contained in this report, based on a comprehensive framework of internal controls established for this purpose. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable rather than absolute assurance that the financial statements are free of any material misstatements. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and reported in a manner designed to present fairly the financial position and results of operations of the City of Dunwoody, Georgia (the "City").

This report has been prepared in accordance with State statutes set forth in an Act providing uniform standards for audits of municipalities and counties within the State of Georgia, approved March 28, 1968 (p. 464), and as amended by an Act approved April 21, 1968 (GA Laws 1997, p. 883). Mauldin & Jenkins, LLC, has issued an unmodified (clean) opinion on the City of Dunwoody's financial statements for the year ended December 31, 2022. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

#### **Our History**

Dunwoody is located in northern DeKalb County, west of Norcross and east of Sandy Springs; the City is bordered to the north by Dunwoody Club Drive and to the south by Interstate 285. Although not formally recognized as an incorporated city prior to 2008, the residents in this area have always identified themselves as living in "Dunwoody," with a unique history separate from unincorporated DeKalb County. Dunwoody residents have a strong history of community involvement going back for decades before incorporation.

The Dunwoody area was originally inhabited by a number of Cherokee tribes, all part of the Creek Indian Confederation. In 1822, a significant tract of land was obtained from the Creek Indians from which Georgia formed the counties: Monroe, Dooly, Houston, Fayette, and Henry. In 1823, the legislators took portions of Fayette and Henry to form DeKalb County, with Decatur being the County seat. In 1821, Elias Redfield was granted land lot d#377, which would eventually become part of the estate of Stephen T. Spruill. This land also passed through the hands of C. A. Dunwoody, in 1862.

Charles Alexander Dunwoody (City of Dunwoody namesake, 1828-1905) was the son of John Dunwoody (originally spelled Dunwody). John Dunwoody was one of the founders of the mills in Roswell, Georgia. The Dunwoody family moved to Roswell in 1839 along with the family's shoe manufacturing business. In 1863, because of the ever-increasing need for mill products during the Civil War, a charter was secured by the State of Georgia to fund the building of a railroad. Both Charles Dunwoody and James King were members of the Roswell Guards and Roswell Battalion. (James King was the grandson of Roswell King, the namesake of Roswell, Georgia).

Following the Civil War and the destruction wrought on Atlanta and its surrounding area, the Dunwoody family returned to Roswell. Major Charles Dunwoody decided to build his family's new home near the present day intersection of Chamblee-Dunwoody Road and Spalding Drive. Railroad construction resumed and the new, 9.8-mile line opened for business on September 1, 1881, running between the Air-Line Railroad and the Chattahoochee

River. The Roswell railroad tied into the Air-Line at Roswell Junction, which is now Chamblee. The railroad carried produce from Dunwoody and fabric from the mills in Roswell. In 1903, the narrow gauge track was replaced with modern tracks, and the engine that ran them soon gained the nicknames "The Dinky" and "Old Buck." Dunwoody thrived as a crossroads community and continued to grow even after the railroad stopped running in 1921.

In 1971 the Spruill family, who owned a large amount of land in the area, sold a portion of their property for the construction of Perimeter Mall and surrounding commercial development. In this area today, you can still find a testament to the founding fathers and landowners visible in a cemetery preserved behind commercial buildings, the Stephen Martin/Spruill Cemetery at the corner of Hammond Drive and Ashford Dunwoody Road. Many other locations have been refurbished or marked as historical sites in order to preserve Dunwoody's historically rich legacy.

#### **Dunwoody Present Day**

Dunwoody entered into cityhood at midnight on December 1, 2008, following a community led movement to incorporate the City. Dunwoody was voted into cityhood by an overwhelming 81% majority. The City of Dunwoody is approximately 13.2 square miles with an estimated population of more than 51,000 residents and an estimated daytime population of more than 120,000.

#### **Profile of the Government**

The City of Dunwoody operates under a council-manager form of government. The Dunwoody City Council is comprised of a mayor and six council members elected by the people on a nonpartisan ballot for four-year terms.

Three members are elected by voters in each of the three separate districts they represent; the other three, including the mayor, are elected by city voters at large. The terms for council members from District Local 1, District Local 2 and District Local 3 expire in January 2026, while terms for the council members from District 1 At Large, District 2 At Large and District 3 At Large, including the mayor, will expire in January 2024.

The Council serves as the legislative and policymaking body of the municipal government. They enact city ordinances and appropriate funds to conduct city business and provide policy direction to the administrative staff. The City manager works closely with the City Council to assist them in formulating policies and programs. Overseeing all city employees, the manager is responsible for the efficient ongoing operation of all city services as set forth by the City Council. Some services are still provided by DeKalb County.

In conformity with generally accepted accounting principles, as set forth in Governmental Accounting Standards Board (GASB) Statement No. 61, The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 39, this report includes all funds of the primary government and any component units. For purposes of this report, the primary government includes all departments and agencies of the City which are not separate legal entities, including the Stormwater Department. The component units include those separate legal entities of which relationships with the primary government meet the criteria for inclusion defined in GASB Statement No. 61, specifically the Convention and Visitors Bureau of Dunwoody and Dunwoody Development Authority.

#### **Local Economy**

Dunwoody Population, Households, and Forecast: 2000 - 2030

	in ocay i opa	1000001	iolao, alla i oli	5000ti = 500		
	2000	2008	2010	2020	2025	2030
Population	38,699	43,322	46,267	51,683	51,323	53,019
Households	16,018	18,322	19,944	20,628	22,609	23,356
Avg. Household Size	2.38	2.30	2.31	2.40	2.27	2.27

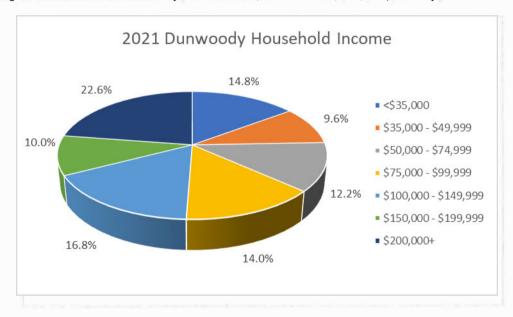

Based on the 2020 US Census, in 2020 DeKalb County had a population of 764,382 people and stood as the third-most populous county in the Atlanta Regional Commission (ARC) region. DeKalb County has come to represent

nearly a sixth of metropolitan Atlanta's total population, a significant figure for a single county considering the region consists of ten counties. Moreover, the County represents 7.1% of the entire population of Georgia. Dunwoody represents 6.8% of the DeKalb population.

The City of Dunwoody contains approximately 40 percent of the Perimeter Community Improvement Districts (PCID). The PCIDs' goal is to work continuously to develop efficient transportation services, with an emphasis on access, mobility, diversification and modernization. The Perimeter Center/Perimeter Mall area is served by the Dunwoody train station on Metropolitan Atlanta Rapid Transit Authorities (MARTA) north line, while the other two stations in the area are both on the Fulton County side. Perimeter Mall and the adjacent Perimeter Place shopping complex are the two largest dedicated retail areas housed within city limits. Also included as a primary retail area and considered a central location of Dunwoody is the Dunwoody Village. Within the city limits, there are approximately 3,700 licensed businesses.

The City of Dunwoody's median household income in 2021 was \$97,868, and the per capita income was \$57,873. DeKalb County (2021), in contrast has a median income of \$70,985 and a per capita income of \$40,348, with Fulton County a bit higher at a median income of \$83,192 (2021) and a per capita income of \$54,243 (2021). This illustrates that the North Fulton/North DeKalb cities have higher incomes than the counties in which they are contained. Georgia numbers are substantially lower at \$66,559 and \$35,086, respectively.

Dunwoody hosts several of the nation's largest companies and virtually every major industry except agriculture within the Perimeter Mall and surrounding commercial properties. Perimeter Mall is the Southeast's second largest shopping mall. The City's commercial properties comprise more than 49% of the total tax digest by property value, ensuring a strong economic environment for the government.

#### National and Local Economy

Real GDP is projected to increase by 2.2 percent in 2023—down from the increase of 3.0 percent in 2022 over 2021. 2022 saw the nation move toward normal activity. However, supply chain disruptions, the lingering effect of fiscal stimulus, and Russia's invasion of Ukraine caused inflation to surge to its highest level in 40 years. Some form of a recession is widely predicted for 2023. However, given the current economic environment, unemployment rates decreased at the national, state, county, and local levels:

	Current	Previous
United States	3.5%	5.4%
Georgia	3.1%	5.6%
DeKalb County	2.8%	6.7%
Dunwoody	2.6%	2.6%

Private sector wages and salaries increased 5.1% for the 12-month period ending in December 2022.

Several indicators continue to show how Dunwoody's local economy is showing signs of improvement during 2022. The City's property tax valuation increased by 18.09% over 2021. Additionally, hotel revenue increased 45.4% from 2021 to 2022, as both business and leisure travel continued to rebound. Dunwoody's effective and efficient structure established during recession years in the economy has continued to be advantageous, illustrating the benefits of a diverse revenue stream and an efficiently managed service culture. Additionally, the City has avoided unmanageable health care costs and pension liabilities experienced by other municipalities by utilizing the Split Contract Service model that provides the City with highly trained staff for a fixed fee cost.

#### **Long-term Financial Planning**

Dunwoody is well-positioned for future economic success. The City's diverse revenue base provides a variety of additional revenues to the millage rate of only 3.04 mills from a variety of sources from groups of local businesses, residents and visitors to the area. The City continues to focus on keeping taxes low and making public investments in services and infrastructure. The City's policy is to obtain and then maintain a minimum General Fund balance reserve equal to 33% of operating expenditures and a maximum of 50%. Excess fund balances over reserve requirements will be used in subsequent periods for pay-as-you-go capital projects and one-time non-recurring expenditures. The City's operating millage rate is 3.04 mills (and just 2.04 for homeowners).

The Finance Department administers financial policies within which the government's finances are maintained. These policies address fund balances, the use of one-time revenues, issuance of debt, purchasing and procurement, cash and investment management, and accounting practices. In totality, these policies formulate the core criteria for which internal evaluations occur. The Finance Department also engaged an independent auditor to evaluate the City's internal control structure and recommend improvements to our structure.

#### **City Council Budget Priorities**

The budget adopted by the Mayor and City Council established priorities including:

- 1. Maintain a safe environment for all residents, businesses and visitors.
- 2. Promote responsible and balanced redevelopment.
- 3. Actively pursue comprehensive infrastructure improvements.
- 4. Create an atmosphere in which businesses thrive.

The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the department level, within the fund.

The General Fund, Special Revenue Funds, and the Debt Service Fund adopt an annual budget. The Capital Projects Funds adopt project-length budgets.

Fiscal Year 2022 was the fourteenth full year of service. Major items implemented during this fiscal year include:

#### Priority 1 - Maintain a safe environment for all residents, businesses and visitors.

- Maintained compliance with the certification standards of the new 6th Edition Standards of the Georgia Association of Chiefs of Police.
- Participated in multi-jurisdictional operations targeting the sexual exploitation/trafficking of females and juveniles (MATCH Task Force).
- Conducted multiple Commercial Motor Vehicle/distracted driving enforcement details on I-285 and throughout the City.
- Conducted multiple pedestrian crosswalk safety details throughout the City of Dunwoody.
- Maintained use of National Incident Based Reporting System (NIBRS) with <3% errors.</li>
- Defensive driving course for all sworn/non-sworn personnel that operate city vehicles.
- Acquired a mechanical breaching tool for Patrol officers responding to in-progress Active Shooter or medical emergencies.
- Established a back-up system for our Crime Scene Technician.
- Acquired new investigative technology to help improve our investigative outcomes.
- Secured contract with View Point Health and began Co-Responder program with a licensed clinician.
- Issued less lethal shotgun to every patrol officer as an additional force option.

#### Priority 2 - Promote responsible and balanced redevelopment.

- \* The Economic Development Department, in conjunction with the Community Development Department, lead a year-long community visioning process for the Perimeter Dunwoody Market called Edge City 2.0.
- Focus on project-based implementation of the sustainability plan. Successes include submittal of a grant
  application for residential composting, implementation of the front yard tree planting program, and starting
  the "Green Speak" sustainability speaker series.
- Completed rezoning cases that approved a furniture store on Ravinia Drive, medical office on North Shallowford Road and for a final retail building at Perimeter Marketplace.

#### Priority 3 - Actively pursue comprehensive infrastructure improvements.

- Completed intersection improvements on Spalding Drive at Chamblee Dunwoody Road.
- Added sidewalk on Dunwoody Park between Chamblee Dunwoody Road and Dunwoody Parks South and on Ridgeview Road north of Meadow Lane Road.
- Completed 15 lane miles of pavement resurfacing.

- Completed stormwater pipe rehabilitation projects on Redfield Drive, Mary Briggs Court, Layfield Drive, Brandy Turk Way and Cherry Hill Lane.
- Completed the construction of Two Bridges Park on Perimeter Center East.
- Completed the conceptual design the Veterans Memorial at Brook Run Park.
- Submitted grant application for a multi-use path connection between Cherry Hill Lane and Eidson Road.
- Started work on the new citywide Trail Master Plan with the PATH Foundation.

### Priority 4 - Create an atmosphere in which businesses thrive.

- Worked with the Georgia Department of Economic Development and Decide DeKalb to recruit the US Headquarters of Hapag-Lloyd, creating 750 new jobs in Dunwoody.
- The Dunwoody Art Commission approved 13 pieces of public art and created the Storefront Art Exhibit in partnership with Dunwoody High School Students.
- Lead the creation of the three-year Entrepreneurship/Innovation Strategy to focus resources on growing small businesses in Dunwoody.
- Marketing Partnerships:
  - Coordinated with the Perimeter CID to publish the Atlanta Business Chronicle's Central Perimeter Market Report.
  - Worked with the Communications Department to Host Ribbon Cuttings for Local Businesses.
- Developed and implemented the Welcome Back to the Perimeter campaign with signs and digital ads used to encourage returning workers to visit and spend money in local shops and restaurants.
- Promoted new businesses with ribbon-cutting videos and photos submitted to the Crier.

### **Awards and Acknowledgments**

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its annual comprehensive financial report for the year ended December 31, 2021. This program recognizes those governments that go beyond the minimum requirements of generally accepted accounting principles to prepare ACFRs that represent the spirit of transparency and full disclosure. To be awarded a Certificate of Achievement, the City must publish an easily readable and efficiently organized annual comprehensive financial report. The report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA for consideration.

In addition, the City also received the GFOA's Distinguished Budget Presentation Award for the 2022 budget document. This program recognizes those governments that prepare budget documents of the very highest quality that reflect both the guidelines established by the National Advisory Council on State and Local Budgeting and the GFOA's recommended practices on budgeting. To qualify for the Distinguished Budget Presentation Award, the

City's budget document must be proficient as a policy document, financial plan, operations guide, and communications device. This award is valid for a period of one year only. We believe our current 2023 budget continues to conform to program requirements and have submitted it to the GFOA to determine its eligibility for another award.

The preparation of this report is possible because of the dedicated services of the staff of the Department of Finance and the cooperation of all City departments. I would like to express my appreciation to all who assisted and contributed to the preparation of this report, including the Audit Committee and Internal Auditor. I would also like to thank the Mayor, City Council, and City Manager for the unfailing support for maintaining the highest standards of professionalism in the oversight of the City's finances.

Respectfully Submitted,

Richard Platto Director of Finance

### **FINANCIAL SECTION**

### INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members of the City Council of the City of Dunwoody, Georgia

### Report on the Audit of the Financial Statements

### **Opinions**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Dunwoody, Georgia (the "City") as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Dunwoody, Georgia, as of December 31, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Emphasis of a Matter - Change in Accounting Principle

As described in Note 6 to the financial statements, during the year ended December 31, 2022, the City adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 87, *Leases*. Our opinions are not modified with respect to this matter.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
  error, and design and perform audit procedures responsive to those risks. Such procedures include
  examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
  appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of
  the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, General Fund – Schedule of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual (GAAP Basis) and American Rescue Plan Fund – Schedule of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual (GAAP Basis) be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual nonmajor fund financial statements and the schedule of expenditures of special purpose local option sales tax proceeds as required by Official Code of Georgia 48-8-121, as listed in the table of contents, are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 7, 2023 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Atlanta, Georgia June 7, 2023 Mauldin & Jerkins, LLC

### MANAGEMENT'S DISCUSSION AND ANALYSIS

The following discussion and analysis of the City of Dunwoody, GA (the "City") provides an introduction to the basic financial statements for the fiscal year ended December 31, 2022. Management prepared this discussion that should be read in conjunction with the basic financial statements, footnotes, and supplementary information found in this report. This information taken collectively is designed to provide readers with an understanding of the City's finances.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

The Management's Discussion and Analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves. The governmental activities of the City include general government, judicial, public safety, public works, culture and recreation and community development.

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets, liabilities, and deferred inflows, with the difference between the three reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, judicial, public safety, public works, culture and recreation and community development. The business-type activities of the City include the stormwater management fund.

The government-wide financial statements include not only the City itself (known as the primary government), but also a legally separate convention and visitors bureau and downtown development authority for which the City is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages 12-14 of this report.

**Fund financial statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into governmental funds and proprietary funds.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains ten individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General, American Rescue Plan, SPLOST, and Capital Projects Funds, which are considered to be major funds. Data for the other six governmental funds (Grants Fund, Motor Vehicle Excise Tax Fund, Emergency 911 Telephone Service, Confiscated Assets Fund, Hotel/Motel, and Debt Service Fund) are combined into a single aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for all its governmental funds with the exception of the Capital Projects Funds. The City adopts project length budgets for the Capital Projects Funds.

The basic governmental fund financial statements can be found on pages 15 through 17 of this report.

**Proprietary funds.** The City maintains one proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses an enterprise fund to account for its stormwater system. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

The proprietary fund financial statements can be found on pages 18 through 20 of this report.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 21 through 45 of this report.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information such as the budgetary comparison schedules for the General Fund and Special Revenue Funds as presented on a generally accepted accounting principles basis in this section. These schedules are intended to demonstrate the City's compliance with the legally adopted and amended budgets. Required supplementary information can be found on pages 46-48 of this report.

The individual fund statements, referred to earlier, are presented immediately following the required supplementary information. Individual fund statements can be found on pages 49 through 56 of this report.

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the City of Dunwoody, assets exceeded liabilities and deferred inflows of resources by \$176,295,163.

The largest portion of the City's net position, \$109,014,943, reflects its investment in capital assets (e.g., buildings, machinery and equipment, roadways, sidewalks, culverts, equipment and signals); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The City reports restricted net position of \$15,893,835 which consists of restricted SPLOST funds to be used on capital projects, restricted seized funds to be used for public safety, restricted emergency 911 fees to be used for operation of the E911 center, restricted funds to be used for law enforcement activities, restricted funds for tourism and restricted capital projects funds. The remaining portion of the City's net position represents net position of \$51,386,385 is

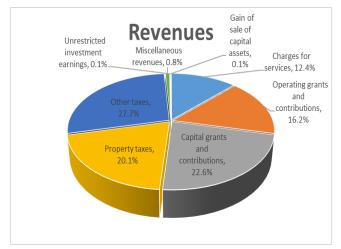

available to meet the ongoing obligations of the government. The City has current assets of \$79,423,419. These assets include \$70,713,984 of cash and cash equivalents. The City's capital assets are \$124,176,504. Long-term debt liabilities are \$12,605,521 with another \$1,413,942 due within a year for the 2016 financing for the City Hall facilities and 2020 financing of the Vermack properties as well as compensated absences.

### City of Dunwoody - Governmental Activities

### **City of Dunwoody - Total Primary Government**

**Governmental activities.** The increase in net position of \$18,462,553 is due to the City maintaining its efficient model of government to control expenses. The increase in revenues from 2021 to 2022 is due to an increase in operating and capital grants of \$13,329,268 mainly due to usage of the ARPA funds and an increase in SPLOST. Additionally, property taxes increased \$1,653,443 due to an increase in the millage rate and Hotel/Motel taxes increased \$1,447,384 due to higher demand.

Our most sizable expenses during the year were \$11,634,546 and \$9,833,274 for the operation of the Dunwoody Police Department and General Government, respectively. Overall, expenses remained flat when comparing 2021 to 2022. This is largely attributable to the increase in General Government costs, mainly in IT and Legal, offset by a decrease in Community Development, as the City saw a decrease in building activity compared to the prior year.

**Business-type activities.** The increase in net position of \$1,140,515 is a result of a decrease in operating expenses, mainly related to maintenance activities.

Stormwater assessment fees (computed based on a property's impervious surface area) were \$2,468,722, representing almost all of the revenues in the fund. Repairs to the system accounted for 76% of the operating expenses while depreciation on the assets accounted for 6% of the operating expenses.

#### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the City's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balance of \$61,149,733, an increase in fund balance of \$14,574,111. Of this balance, \$18,907,740 is restricted or assigned for capital projects, \$1,725,175 is non-spendable as prepaid expenses and \$68,765 is non-spendable for lease receivables, \$16,538,426 is restricted or assigned for special purposes and \$20,909,627 is considered unassigned and can be used to meet the near-term operating needs of the City.

**General Fund.** The General Fund is the chief operating fund of the City. At the end of the current fiscal year the total fund balance was \$37,333,018 representing an unassigned fund balance of \$23,909,627 restricted or assigned funds of \$11,629,451 for special purposes, and \$1,793,940 in non-spendable for prepaid expenses and lease receivables. Fund balance increased by \$10,403,385 from 2021 primarily as a result of public safety salaries being charged to the ARPA Fund. As a measure of the liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 129% of total General Fund expenditures, while total fund balance represents 201% of total general fund expenditures.

General Fund revenue increased by \$1,560,646, or 5%, compared to 2021. The main driver of this increase is related to real and personal property tax collections, which increased by \$1,448,367, or 14%. The City's net digest increased 8% year-over-year, with most of this growth coming from the increased assessed values of both residential and commercial properties throughout the City. Also, the City increased the millage rate from 2.74 mills to 3.04 mills, which contributed to the increase in revenue.

General Fund expenditures decreased by \$15,244,628, or 45%, compared to 2021. There were several items that contributed to this increase; 1) Public Safety expenditures decreased \$9,101,494 in 2022 compared to 2021 as the City utilized \$10,000,000 of revenue replacement funding from the American Rescue Plan Act (ARPA) to offset public safety salaries and benefits, and other costs; and 2) Recreation expenditures decreased \$4,686,765 in 2022 compared to 2021, and this is mainly due to the prior year financing of \$5,777,319 in order to purchase properties located on Vermack Road.

American Rescue Plan Fund. The American Rescue Plan fund was set up to account for federal funds the City received as part of the American Rescue Plan Act that was passed in 2021. During the current year, the City utilized a total of \$12,331,651 in funding for all costs related to public safety, to invest in the City's stormwater infrastructure, to begin construction of a new park, and to being the manufacturing of wayfinding signs to be placed within the city limits. These initiatives will continue into the next year until all ARPA funding is used.

**SPLOST Fund.** The SPLOST fund was set up to account for receipts of a sales tax levied in DeKalb County and related expenditures for road improvements and public safety projects in accordance with the voter-approved sales tax referendum. During the current year, a total of \$8,950,056 was recognized as revenues. The City continues to see strong sales tax collections, as this was an increase of \$717,135, or 9%, compared to 2021. Capital outlay expenditures of \$6,067,872 are mainly related to road resurfacing, and pedestrian and intersection improvements. Based on the activity for the year, the SPLOST fund is reporting an increase in fund balance of \$2,884,262.

Capital Projects Fund. The Capital Projects Fund was set up to account for capital projects managed by the City. During the current year, total intergovernmental revenue of \$187,550 was received into the Capital Projects Fund. The City also transferred into the fund \$2,000,000 from the General Fund for ongoing capital projects at City owned facilities. Capital outlay expenditures of \$1,869,696 during the year include sidewalk and intersection improvements made to areas throughout the City. Based on this activity, the Capital Projects Fund had an increase in fund balance of \$335,004.

#### **GENERAL FUND BUDGETARY HIGHLIGHTS**

The City's budget utilized a conservative approach based on the limited information available. Emphasis was given to ensuring financial stability and long-term stability while providing revenue enhancement, financial priorities and discipline.

The City employs an annual mid-year budget process in order to re-align appropriations made during the annual budget process with significant unexpected trends. This ensures adjustments facilitating appropriations to be in alignment with expected resources. Differences between the original budget and final amended budget are then taken by resolution to the City Council for vote.

For fiscal 2022, the City's General Fund had a favorable budget variance of \$7,841,291. There was a \$1,272,252 favorable budget variance for revenues as well as a \$17,516,486 favorable budget variance for expenditures. The City's actual activity was more favorable than budgeted for most line items due to a conservative budget approach. The favorable revenue variance is attributable to an increase in property taxes, business taxes, charges for services and miscellaneous revenue. The favorable expenditures variance is attributable to the use of ARPA funds to cover the cost of public safety as well as less capital outlay in culture and recreation and less maintenance cost for the information technology department.

#### **CAPITAL ASSET AND DEBT ADMINISTRATION**

Capital assets. The City's investment in capital assets for its governmental activities as of December 31, 2022, amounts to \$122,292,127 (net of accumulated depreciation). These assets primarily reflect infrastructure assets such as roadways, sidewalks, and signals; land; parks and culture facilities; and the capital investment for police vehicles and other capital related equipment. The City's investment in net capital assets for its business-type activities as of December 31, 2022, amounts to \$1,884,377. These assets reflect culverts and other stormwater management assets. The increase in business-type capital assets results from the continued investment in the stormwater management system.

Additional information on the City's capital assets can be found in note 7 on pages 36 and 37 of this report.

**Long-term debt.** At the end of fiscal year 2022, the City had total debt outstanding of \$13,403,407. The debt outstanding at December 31, 2022 represents debt issued in 2016 for the purchase of the property for City Hall and debt issued in 2021 for two parcels of land on Vermack Road. All debt is backed by the full faith and credit of the City.

Additional information on the City's long-term debt can be found in note 8 on pages 38 and 39 of this report.

### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

All of these factors were considered in preparing the City's budget for the 2023 fiscal year.

Sustainability of existing services – the City has maintained its philosophy of budgetary evaluation which reviews the needs of the City to the standard which realizes that services and associated costs should not be appropriated if they are not justified as long-term goals of the City. This philosophy is solidified during the budget process, with a multi-year financial outlook that provides the conduit to evaluate government priorities, realign and diversify revenue structures, and provide the data for decision making for continued financial success.

Cost of government – The operating millage rate cap of 3.04 mills is statutorily set and cannot be changed without a referendum. As part of the financial strategic plan, the government is committed to a consistent millage rate for property taxes, to facilitate the provision of city services.

Infrastructure improvements – The City provided substantial capital funding to continue the implementation of the 5-year capital paving plan to address a significant backlog of existing infrastructure deficiencies. Funding was also allocated for intersection improvements, parks, buildings, equipment, roadways, sidewalks, culverts, and signals. Additionally, the City continues to invest heavily in maintaining an aging stormwater system.

Economy impact – The local economy continues to rebound from the COVID-19 pandemic that hit in early 2020. The City's property tax valuations show an 18% increase, and the City will consider these impacts on next year's budget. The City will continue with its conservative budgeting approach, reinforcing its effective and efficient structure established during recession years.

The City historically restricts the use of one-time revenues to capital and other one-time projects.

#### REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the City of Dunwoody's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Department of Finance, City of Dunwoody, 4800 Ashford Dunwoody, Road, Dunwoody, GA 30338.

## RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2022

Amounts reported for governmental activities in the statement of activities are different because:

different because:	
Net change in fund balances - total governmental funds	\$ 14,574,111
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation expense in the current period.	3,036,083
The net book value of capital assets disposed of during the year decreases net position.	(93,575)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds.	179,684
The repayment of notes payable principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.	799,251
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(33,001)

The accompanying notes are an integral part of these financial statements.

Change in net position - governmental activities

18,462,553

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Dunwoody, Georgia (the "City") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

### A. Reporting Entity

The City, which was incorporated in 2008, operates under a charter adopted December 1, 2008, as a municipal corporation governed by an elected mayor and a six-member council. The government provides such services as police protection, cultural and recreational activities, community development and public works.

The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. The discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the City.

#### Discretely Presented Component Units

The Dunwoody Convention and Visitors Bureau has been included as a discretely presented component unit in the accompanying financial statements. The Dunwoody Convention and Visitors Bureau ("Bureau") is fiscally dependent on the City as it does not have the power to levy taxes, determine its own aggregate budget without the approval of the City of Dunwoody, Georgia, or issue bonded debt, and the City is required by contract to provide a majority of the operational revenues for the Bureau. Financial information with regard to the Bureau can be obtained from the Bureau's administrative offices at 41 Perimeter Center East, Dunwoody, GA 30346. Separate financial statements for the Dunwoody Convention and Visitors Bureau are not prepared.

The Dunwoody Development Authority has been included as a discretely presented component unit in the accompanying financial statements. The Dunwoody Development Authority ("Authority") promotes trade, commerce, industry and employment opportunities. The Authority is allowed to package bond financing for companies based on their investment and the number of jobs created. It operates under a seven member board appointed by the Dunwoody City Council and Council can replace them at will with cause. The City is not entitled to nor can it otherwise access the Authority's resources. The City is not legally obligated to make contributions to or fund debt of the Authority. Financial information with regard to the Authority can be obtained from the Authority's administrative offices at 4800 Ashford Dunwoody Road, Dunwoody, GA 30338. Separate financial statements for the Dunwoody Development Authority are not prepared.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information of the primary government and its component units. The primary government is reported separately from its discretely presented component units. Government-wide financial statements do not provide information by fund, but distinguish between the City's governmental activities and business-type activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The statement of net position includes non-current assets and non-current liabilities. In addition, the government-wide statement of activities reflects depreciation expense on the City's capital assets. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. However, any interfund services provided and used are not eliminated as this process would distort the direct costs and program revenues reported in the various functions.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

### C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service principal and interest expenditures on general long-term debt, including lease liabilities, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions, including entering into contracts giving the City the right to use leased assets, are reported as expenditures in governmental funds. Issuance of long-term debt and financing through leases are reported as other financing sources.

Property taxes, sales taxes, franchise taxes, intergovernmental grants, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the enterprise fund are charges to customers for services provided. Operating expenses for the enterprise fund include the cost of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

In accordance with GASB Statement No. 33, "Accounting and Financial Reporting for Non-exchange Transactions," the corresponding assets (receivables) in non-exchange transactions are recognized in the period in which the underlying exchange occurs, when an enforceable legal claim has arisen, when all eligibility requirements have been met, or when resources are received, depending on the revenue source.

In accordance with GASB Statement No. 34, major individual governmental funds are reported as separate columns in the fund financial statements.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **American Rescue Plan Fund** is a special revenue fund used to account for the American Rescue Plan Act grant activity of the City.

The **SPLOST Fund** is a capital projects fund used to account for proceeds of a special sales tax levied in DeKalb County and related expenditures for road improvements and public safety projects in accordance with the voter-approved sales tax referendum.

The Capital Projects Fund is used to account for the capital expenditures made by the City.

The City reports the following proprietary fund:

The **Stormwater Fund** is used to account for the charges and expenses of maintaining the City's stormwater infrastructure.

Additionally, the City reports the following fund types:

The **Special Revenue Funds** are used to account for specific revenues, such as E911 revenues, hotel/motel tax revenues, and motor vehicle excise tax revenues, which are legally restricted or committed to expenditures for particular purposes.

The **Debt Service Fund** is used to account for the resources accumulated and payments made for principal and interest on long term debt of the City.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### D. Budgets

Formal budgetary accounting is employed as a management control device for the General Fund, Special Revenue Funds, and Capital Projects Funds of the City. The governmental funds budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual operating budgets are adopted for the General Fund, each Special Revenue Fund, and the Debt Service Fund each fiscal year through passage of an annual budget ordinance and amended as required. The City adopts project length budgets for the Capital Projects Funds. During the fiscal year ended December 31, 2022, the original budget was amended through supplemental appropriations. These changes are reflected in the budgetary comparison schedules.

All unencumbered budget appropriations lapse at the end of each year.

### E. Cash, Cash Equivalents and Investments

Cash and cash equivalents includes amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the City. The City pools cash resources of its various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the pooled cash accounts is available to meet current operating requirements. Investments of the City are reported at fair value. Increases or decreases in the fair value during the year are recognized as a component of interest income.

#### F. Receivables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

### G. Interfund Receivables and Payables

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year as well as all other outstanding balances between funds are reported as "due to/from other funds."

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### H. Leases

#### Lessor

The City is a lessor for noncancellable leases of buildings. The City recognizes a lease receivable and a deferred inflow of resources in the governmental activities financial statements. The City recognizes lease receivables with an initial, individual value of \$25,000 or more.

At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments related to leases include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments:

- The lease agreements entered into by the City do not contain a stated interest rate.
   Therefore, the City has used its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included
  in the measurement of the lease receivable are composed of fixed payments and purchase
  option prices that the City is reasonably certain to collect.

The City monitors changes in circumstances that would require a remeasurement of its leases and will remeasure the lease receivable and deferred inflow if certain changes occur that are expected to significantly affect the amount of the lease receivable.

#### Lessee

The City of Dunwoody Convention and Visitors Bureau ("CVB") is a lessee for a building lease. The CVB recognizes a lease liability and an intangible right-to-use lease asset in the government-wide financial statements. The CVB recognizes lease liabilities with an initial, individual value of \$25,000 of more.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### H. Leases (Continued)

At the commencement of a lease, the CVB initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the CVB determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments:

- The lease agreements entered into by the City do not contain a stated interest rate.
   Therefore, the City has used its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included
  in the measurement of the lease liability are composed of fixed payments and purchase
  option prices that the City is reasonably certain to collect.

The CVB monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

### I. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2022, are recorded as prepaid items in both government-wide and fund financial statements. These items are accounted for using the consumption method.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### J. Capital Assets

Capital assets and right-to-use leased assets, which include improvements, machinery and equipment, and infrastructure assets, are reported in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$10,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. The City has reported all infrastructure that it currently owns and has a responsibility for maintaining. Donated capital assets are recorded at estimated acquisition value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets of the City are depreciated using the straight-line method over the following useful lives:

Buildings30 yearsRight-to-use leased buildings5 yearsImprovements15-40 yearsMachinery and equipment3-20 yearsInfrastructure7-60 yearsIntangible assets2-4 years

### K. Restricted Assets

Certain resources are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants, or other external legislation or restrictions. Applicable expenses are paid from restricted assets first.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### L. Deferred Outflows/Inflows of Resources

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has two types that qualify for reporting in this category. Unavailable revenue is only reported in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes and intergovernmental revenues and these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available. The City also reports deferred revenue on a lease receivable, which is reported both at the fund level and the government wide level.

### M. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for non-vesting accumulated rights to receive sick pay benefits since the City does not have a policy to pay any amounts when employees separate from service with the City. All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

### N. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position.

In the fund financial statements, governmental fund types recognize the face amount of the debt issued as other financing sources and the repayment of debt as debt service expenditures.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### O. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

**Fund Balance** – Generally, fund balance represents the difference between the assets and liabilities under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in those funds can be spent.

Fund balances are classified as follows:

Nonspendable – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

Restricted – Fund balances are reported as restricted when there are limitations imposed on their use either through enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

Committed – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed through a resolution of the City Council. Only the City Council may modify or rescind the commitment.

Assigned – Fund balances are reported as assigned when amounts are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. The Fund Balance Policy, as adopted by the City Council, delegates the authority to the City's management, the City Manager, to assign fund balance for particular purposes.

*Unassigned* – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The City reports positive unassigned fund balance only in the general fund.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### O. Fund Equity (Continued)

The City's policy is to obtain and then maintain a minimum fund balance reserve in the General Fund equal to 33% of current expenditures.

**Flow Assumptions** – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City's policy to use fund balance in the following order: (1) Committed, (2) Assigned, and (3) Unassigned.

**Net Position** – Net position represents the difference between assets and liabilities and deferred inflows of resources in reporting which utilizes the economic resources measurement focus. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the City has spent) for the acquisition, construction or improvement of those assets. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. The remaining portion of net position is reported as unrestricted.

The City applies restricted resources first to fund outlays for which both restricted and unrestricted net position is available.

#### P. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS

### A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net position – governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that "long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds." The details of this \$14,087,338 difference are as follows:

Notes payable	\$ (13,403,407)
Accrued interest payable	(67,875)
Compensated absences (i.e., vacation)	(616,056)
Net adjustment to reduce fund balance - total governmental funds to arrive	
at net position - governmental activities	\$ (14,087,338)

### B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net change in fund balances – total governmental funds and change in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The details of this \$3,036,083 difference are as follows:

Capital outlay	\$ 7,932,935
Depreciation expense	(4,896,852)
	<u> </u>
Net adjustment to increase net change in fund balances - total governmental	
funds to arrive at change in net position - governmental activities	\$ 3,036,083

### NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS (CONTINUED)

### B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities (Continued)

Another element of the reconciliation states that "some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds." The details of this \$33,001 difference are as follows:

Compensated absences	\$ (67,423)
Accrued interest	 34,422
Net adjustment to decrease net change in fund balances - total governmental funds to arrive at change in net position - governmental	
activities	\$ (33,001)

#### NOTE 3. LEGAL COMPLIANCE - BUDGETS

The budget is officially adopted by the governing body prior to the beginning of its fiscal year, or a resolution authorizing the continuation of necessary and essential expenditures to operate the City will be adopted. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the department level, within the fund.

Transfers of appropriations within a department budget or within a non-departmental expenditure category require only the approval of the Finance Director. Increases in appropriations in a departmental budget or in a non-departmental expenditure category, require approval of the governing body in the form of amendments to the budget ordinance. The following funds had an excess of actual expenditures over appropriations for the fiscal year ended December 31, 2022:

General Fund	
General Government - Public Information \$	94
Grants Fund	
Public safety	22,511
Public works	1,005
\$	23,610

These expenditures in excess of appropriations were funded by greater than anticipated revenues and available fund balance.

#### NOTE 4. DEPOSITS AND INVESTMENTS

**Credit Risk:** State statues authorize the City to invest in the following: (1) obligations of the State of Georgia or any other state; (2) obligations of the United States; (3) obligations fully insured or guaranteed by the United States Government or one of its agencies; (4) obligations of any corporation of the United States Government; (5) prime bankers' acceptances; (6) the State of Georgia local government investment pool; (7) repurchase agreements; and (8) obligations of any other political subdivisions of the State of Georgia.

Custodial Credit Risk – Deposits: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes and City policy require all deposits and investments (other than federal or state government instruments) to be collateralized by depository insurance or pledged securities. Amounts that exceed standard depository insurance limits are required to be collateralized either (1) individually by the financial institutions through pledged obligations of the U.S. Government, obligations backed by the full faith and credit of the U.S. Government, obligations of the State of Georgia or other states, or obligations of counties, municipalities, or public authorities of the State of Georgia, or (2) participation in the State of Georgia Secure Deposit Program. As of December 31, 2022, the City and had deposits with three (3) financial institutions and the Dunwoody Convention and Visitors Bureau and the Dunwoody Development Authority had deposits with one (1) financial institution collateralized by the State of Georgia Secure Deposit Program, which is administered by the Office of the State Treasurer and requires participating banks holding deposits of public funds to pledge collateral at varying rates depending on tier assigned by the State.

#### NOTE 5. RECEIVABLES

Property taxes are levied on property values assessed as of January 1. The City contracts with DeKalb County to bill and collect City of Dunwoody property taxes. The taxes are levied by August 1 based on the assessed value of property as listed on the previous January 1 and are due on November 15 of each year, with a lien date of January 1 of the following year. Property taxes are recorded as receivables and unavailable revenues when assessed. Revenues are recognized when available.

#### NOTE 5. RECEIVABLES (CONTINUED)

Receivables at December 31, 2022, for the City's individual major funds and aggregate nonmajor funds, including any applicable allowances for uncollectible accounts are as follows:

	 General	 SPLOST		Capital ects Fund	Nonmajor vernmental	St	ormwater_
Receivables:							
Accounts	\$ 222,749	\$ -	\$	-	\$ 242,890	\$	182,612
Taxes	3,270,348	-		-	342,034		-
Intergovernmental	40,964	868,851		20,428	560,009		-
Total receivables	3,534,061	868,851	•	20,428	1,144,933		182,612
Less allowance for							
uncollectibles	(75,510)	-		-	-		(54,706)
Net total receivable	\$ 3,458,551	\$ 868,851	\$	20,428	\$ 1,144,933	\$	127,906

#### NOTE 6. LEASES RECEIVABLE

Restated

The City leased two buildings to a third party. The City receives variable monthly payments in amounts ranging from \$3,120 to \$12,063 which includes the principal and interest components of the payments. As the leases do not contain a specific interest rate, the City has used its incremental borrowing rate of 2% as the discount rate for the leases. For the current year, the City recognized \$243,287 in lease revenue and \$6,294 in interest revenue related to the leases. As of December 31, 2022, the City's receivable for lease payments was \$2,077,487. Also, the City has a deferred inflow of resources associated with the leases that will be recognized over the lease terms which end on December 31, 2023 and 2059. This deferred inflow of resources has a balance of \$2,008,271 as of December 31, 2022.

**Beginning Ending Due Within Additions** One Year **Balance** Reductions Balance Lease receivable - Spruill 2,080,459 \$ \$ (37,075)\$ 2,043,384 \$ 37,816 34,103 Lease receivable - Emory 171,550 (137,447)34,103 \$ \$ \$ \$ 2,252,009 (174,522)2,077,487 71,919

#### NOTE 7. CAPITAL ASSETS

Capital asset activity for the City for the year ended December 31, 2022 is as follows:

	Beginning Balance	 ncreases	<u>D</u>	ecreases		Transfers	Ending Balance
Governmental activities:							
Capital assets, not being depreciated: Land Construction in progress Total	\$ 31,103,788 4,479,708 35,583,496	\$ 7,350,737 7,350,737	\$	(93,575) (93,575)	\$	(978,973) (978,973)	\$ 31,103,788 10,757,897 41,861,685

#### NOTE 8. LONG-TERM DEBT

#### **Changes in Long-Term Liabilities**

The following is a summary of long-term debt activity of the City for the year ended December 31, 2022:

	Beginning Balance		Additions		Reductions		Ending Balance		Due Within One Year	
Governmental activities:										
Notes payable	\$	14,202,658	\$	-	\$	(799,251)	\$	13,403,407	\$	890,294
Compensated absences		548,633		490,085		(422,662)		616,056		523,648
Governmental activity						_				_
Long-term liabilities	\$	14,751,291	\$	490,085	\$	(1,221,913)	\$	14,019,463	\$	1,413,942

For governmental activities, compensated absences are generally liquidated by the General Fund.

#### **Notes Payable from Direct Borrowing**

On August 31, 2016, the City entered into direct borrowing agreement through a financial institution to borrow \$9,900,000 from the Georgia Municipal Association for a City Hall project. Annual principal payments ranging from \$303,980 to \$1,788,727 and semi-annual interest payments, at a rate of 1.98% began in April 2017 and will continue through April 2031. The debt service requirements to maturity are as follows:

Fiscal year ending December 31,	Principal		rincipal Interest		 Total
2023	\$	536,035	\$	154,203	\$ 690,238
2024		593,525		143,271	736,796

	\$	7,950,087	\$	861,002	\$ 8,811,089

#### NOTE 8. LONG-TERM DEBT (CONTINUED)

#### **Notes Payable from Direct Borrowing (Continued)**

On June 28, 2021, the City entered into direct borrowing agreement through a financial institution to borrow \$5,770,000 from the Georgia Municipal Association for two parcels of land on Vermack Road. Annual principal payments ranging from \$142,254 to \$230,022 and semi-annual interest payments, at a rate of 2.06% begin in April 2022 and will continue through April 2036. The debt service requirements to maturity are as follows:

Fiscal year ending December 31,	 Principal		Interest		Total
2023	\$ 354,259	\$	110,523	\$	464,782
2024	361,594		103,188		464,782

2033-2036	1,561,736		103,768		1,665,504
	\$ 5,453,320	\$	901,501	\$	6,354,821

Remainder of page intentionally left blank

#### NOTE 9. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The composition of interfund balances as of December 31, 2022 is as follows:

Receivable Entity	Payable Entity	Amount			
General Fund Capital Projects Fund	Nonmajor governmental funds Nonmajor governmental funds	\$	280,855 14,265		
		\$	295,120		

All interfund balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Due to/from primary government and component units:

Receivable Entity	Payable Entity	 Amount
Component unit - Convention and Visitors Bureau	Primary government - Nonmajor governmental funds	\$ 303,835

Interfund transfers:

Transfers In	Transfers Out	 Amount		
General Fund	Nonmajor governmental funds	\$ 1,853,225		
Capital Projects	General Fund	2,000,000		
Nonmajor governmental funds	General Fund	 1,175,197		
		\$ 5,028,422		

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

#### NOTE 10. COMMITMENTS AND CONTINGENT LIABILITIES

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of management and legal counsel, the resolution of these matters will not have a material adverse effect on the financial condition of the City.

The City has entered several public/private contractual partnerships for outsourced services and operations. Through these contracts with private companies, an array of operational services are provided via outsourcing. These contracts are operating contracts for which the City is continually monitoring its outsourcing needs as compared to providing services in-house. Currently, these contracts approximate \$6 million annually. The contracts were bid for four annual service periods and run through the year ending December 31, 2025.

For the fiscal year ended December 31, 2022, construction commitments on uncompleted contracts were \$8,940,629.

The City employed encumbrance accounting during the period. There were \$136,018 of encumbrances outstanding in the General Fund for the general government function at December 31, 2022.

#### NOTE 11. DEFINED CONTRIBUTION PENSION PLAN

The City of Dunwoody offers two retirement plans for City employees. The 401(a) plan is a defined contribution plan established and administered by the City for all full-time employees. City Council has the authority to establish and amend the plan provisions as well as the contribution for the plan. The City contributes 11% of each employee's compensation each pay period. Employees are eligible to participate on the first day of the month following 30 days of employment, and they are vested in the contributions after one year of service. At December 31, 2022, there were 92 employees participating in the plan with total contributions of \$1,100,904.

The City also contributes the Social Security withholding amount (6.2% for 2022) to a Social Security replacement plan for each eligible employee. All participants are fully vested in their Social Security replacement plan at all times. At December 31, 2022, there were 92 employees participating in the plan with total contributions of \$488,075.

City employees may also participate in an Internal Revenue Code Section 457 deferred compensation plan. If an employee contributes at least 8%, the City will also offer a 4% (all or nothing) 401a plan match to all full-time employees. At December 31, 2022, there were 77 employees participating in the plan with total contributions of \$795,247 for the year ended December 31, 2022.

#### NOTE 12. JOINT VENTURE

Under Georgia law, the City, in conjunction with other cities around the Metropolitan Atlanta Georgia area, is a member of the Atlanta Regional Commission (ARC) and is required to pay annual dues thereto, which DeKalb County has paid on behalf of the City of Dunwoody. Membership in ARC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34, which provides for the organization structure of ARC. ARC Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of the ARC. Separate financial statements may be obtained from ARC, 229 Peachtree Street, NE, Suite 100, Atlanta, Georgia 30303.

#### NOTE 13. HOTEL/MOTEL LODGING TAX

The City has levied a 8% lodging tax. The Official Code of Georgia Annotated 48-13-51 requires that all lodging taxes levied of 3% or more be expended or obligated contractually for the promotion of tourism, conventions, or trade shows. During the year ended December 31, 2022, the City received \$4,681,019 in hotel/motel taxes. Of this amount, \$2,047,946, or 43.75%, was used for the promotion of tourism, conventions, or trade shows.

#### NOTE 14. MOTOR VEHICLE EXCISE TAX

The City has levied an excise tax on the rental of motor vehicles. The Official Code of Georgia Annotated 48-13-93 requires that all motor vehicle excise taxes be expended or obligated contractually, in accordance with the City's ordinance, for the acquisition, construction, renovation, improvements, maintenance and equipping of pedestrian walkways, or the installation of traffic lights, and street lights associated with public safety facilities or public improvements for sports and recreational facilities. During the year ended December 31, 2022, the City received \$97,843 in motor vehicle excise taxes. Of this amount, \$97,843, or 100%, was used for these purposes.

#### NOTE 15. RISK MANAGEMENT

The City is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has insurance through Travelers Insurance.

As part of this risk pool, the City is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The City is also to allow the pool's agents and attorneys to represent the City in investigation, settlement discussions and all levels of litigation arising out of any claim made against the City within the scope of loss protection furnished by the funds.

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member government contract. The fund is to pay all cost taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

Settled claims have not exceeded the coverages in the last three years.

The City carries commercial insurance for other risks of losses. For insured programs, there have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage in the last three years.

#### NOTE 16. LAND SWAP

On November 15, 2016, the City entered into an Intergovernmental Agreement with the DeKalb County School District (DCSD). The DCSD purchased approximately 10 acres of the Dunwoody Park property for construction of a new school complex. The City purchased approximately 18 acres of property formerly occupied by the Austin Elementary School and Peachtree Middle School. Additional consideration was given for both operational agreements and capital improvements to the properties involved in the transaction. The DCSD will pay the City to make certain capital improvements to three ball field sites, which includes the building of two new baseball fields. After closing, the DCSD leased Austin Elementary School from the City until the school construction was completed in 2019. School construction will start after the two new baseball fields are ready for use. The City and DCSD will cooperatively share the fields for 25 years.

	Prepaid	Unearned
	 Amounts	 Income
City use of track and football field	\$ 1,374,840	\$ -
City maintenance of track and football field	-	277,096
DCSD use of baseball fields (2)		 855,000
	\$ 1,374,840	\$ 1,132,096

Amounts reported as prepaid related to the City's use of the track and football field will be amortized over the 25 year term and recognized in expenditures as follows:

Fiscal year ending December 31,

2023	\$ 72,360
2024	72,360
2025	72,360
2026	72,360
2027	72,360
2028-2032	361,800
2033-2037	361,800
2038-2041	 289,440
	\$ 1,374,840

#### NOTE 16. LAND SWAP (CONTINUED)

Amounts reported as unearned maintenance related to DCSD's prepayment of maintenance of the track and football field and DCSD use of the baseball fields will be amortized over the 25 year term and recognized in rental income and against repairs and maintenance expense as follows:

Fiscal year ending December 31,

2023	\$ 59,584
2024	59,584
2025	59,584
2026	59,584
2027	59,584
2028-2032	297,920
2033-2037	297,920
2038-2041	 238,336
	\$ 1,132,096

#### NOTE 17. TAX ABATEMENTS

For the year ended December 31, 2022, City property tax revenues were reduced by \$695,683 under agreements entered into by the DeKalb County Development Authority and Dunwoody Development Authority. Under the agreements, taxes on both real property and personal property are reduced based on investments made by the corporation to whom the incentives were offered as long as the corporation meets certain investment targets.

## DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT AS OF DECEMBER 31, 2022

Governmental Unit		Debt Outstanding	Percentage of Overl			imated Share Overlapping Debt
Direct debt:	•	40 400 407	400.00	0/	•	40 400 407
Notes payable	\$	13,403,407	100.00	%	\$	13,403,407
Total direct debt	\$	13,403,407			\$	13,403,407
Overlapping debt:						
DeKalb County	\$	109,480,000	10.07	%	\$	11,024,636
Total overlapping debt	\$	109,480,000			\$	11,024,636
Total direct and overlapping debt	\$	122,883,407			\$	24,428,043

Source: Assessed value data used to estimate applicable percentages and debt outstanding obtained from DeKalb County's Finance Department.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

(1) The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the County's taxable assessed value that is within the City's boundaries and dividing it by the County's total taxable assessed value.
