Re: Approval of Conversion of Contracted Positions to City Positions
Date: July 24, 2023

## Action

Authorize the Mayor, City Manager, or designee to execute all documents necessary and proper to create three new City positions of Financial Analyst, Revenue Accountant, and Business License Specialist. Approve an amendment to the City's Position Allocation and Compensation Chart.

## Summary

Staff with the City are either contracted or employed by the City. On an ongoing basis, staff conducts reviews of all positions currently under contract. After a recent review of the Finance \& Administration and Community Development contracts, it is staff's recommendation to convert four contracted positions to City positions. The financial impact to the City is anticipated to be cost neutral. This conversion will help the City with overall operations and business continuity. These are critical positions and bringing them in as City employees will strengthen City operations.

## Details

The City contracts with Jacobs for various positions in the Finance \& Administration Department and with The Collaborative for various positions in the Community Development Department. The positions of Accountant, Accountant II, and Business License Specialist were reviewed and now are recommended for conversion to three City positions. The following Position Allocation and Compensation Chart shows the recommended grade for the three City positions.

There are currently four staff members in three contracted Accounting positions between the Jacobs and The Collaborative contracts: one Accountant, two Accountant Ils, and one Temporary Business License Staff. Staff recommends converting an Accountant and an Accountant II to a City position of Financial Analyst, reporting to the Accounting Manager. With guidance from the Finance Director and Assistant Finance Director, the Financial Analysts would be able to manage all accounting functions of the City (payroll processing, accounts payable, journal entries, reconciliations, and reporting), as well administer the City's annual operating and capital budget.

Staff recommends converting the other Accountant II position and the Temporary Business License Staff position to City positions of Revenue Accountant and Business License Specialist, respectively. The Business License Specialist would report directly to the Revenue

Accountant, and the Revenue Accountant would report directly to the Assistant Finance Director. This group of City staff would manage the majority of revenue the City receives, including all alcohol license and business license payments as well as reviewing and approving all cash and checks received by other departments.

With estimated City salaries and benefits, it is anticipated that the City would break even by bringing these positions in-house, with the added value of the City having more control over hiring and retention in a vital department. Staff recommends the conversion of these positions for operational and business continuity reasons. If approved by Council, a budget amendment from the Finance Director will be forthcoming.

Staff will work with the vendors, after City Council authorization, to amend and remove the positions from the contracts at the earliest agreed upon date.

## Recommendation

Authorize the Mayor, City Manager, or designee to execute all documents necessary and proper to create three new City positions of Financial Analyst, Revenue Accountant, and Business License Specialist. Approve an amendment to the City's Position Allocation and Compensation Chart.

POSITION ALLOCATION AND COMPENSATION CHART

| Grade | Department | Title | Full | Elected Officials | Salary Range |  |
