Re: FY2025 Proposed Operating & Capital Budget

Per the Dunwoody City Charter Section 5.03, this is the official submittal to the City Council of the Proposed Fiscal Year 2025 Budget for the City of Dunwoody, Georgia. It satisfies the State of Georgia requirement for every local government to adopt a balanced operating budget. Once adopted, subsequent amendments may be considered and approved by the City Council as needed. All schedules and support for the budget follow this memo.

As this budget is submitted, the city will be completing its sixteenth year since incorporation on December 1, 2008. The City remains in a strong financial position as it heads into FY2025, with a focus on staying adaptable for the future. After a unique period of uncertainty and change, key parts of the budget have rebounded. However, some major revenue sources and expenditure categories continue to shift and show the impacts of economic instability. Although these changes require close attention and decisive action, historical stewardship of funds have placed the City in a strong position as it moves forward. This budget has been developed using all information, data, and tools available at this time, but with the understanding that budgets are dynamic rather than static and may require adjustments and amendments as circumstances change.

Staff approached developing the 2025 budget with two guiding parameters: (A) To minimize the use of fund balance within the General Fund; and (B) To keep the projected end of the year General Fund fund balance over six months. This level is a full two months higher than the four-month minimum reserve. The purpose of fund balance is to provide adequate cash flow, to cover the cost of expenditures caused by unforeseen emergencies, to cover shortfalls that may be caused by revenue declines or increased expenditure levels, and to eliminate any shortterm borrowing needs for cash flow purposes.

The 2025 budget process began with departments putting together their operating and capital requests in mid-July. Direction to Department Directors as they prepared their operating and capital requests included to think strategically about both short- and long-term goals, and to prioritize funding requests while considering the best use of limited resources. After consolidation of the budget by Finance, departmental review meetings were held in mid-August to review and discuss department budgets in an effort to compile the 2025 Proposed Operating and Capital Budget.

Overall Budget Summary

The overall budget for FY2025 is proposed to be \$70.6M, which is a 5.29% increase over the FY2024 amended budget of \$67.1M. Most of the overall changes are the nature of one-time funding in grants and capital.

The following is a brief discussion of each fund noted above.

General Fund Budget Summary

The General Fund is the principal operating fund of the City and is used to account for all activities related to providing central governmental services, such as public safety, recreation, street repairs, and administrative services. The Proposed General Fund budget is \$37.0M, which is a 6.64% increase over the FY2024 amended budget of \$34.7M. This increase is mainly due to employee compensation and benefit increases, escalations in existing contracts, and increased maintenance and utility costs.

Personnel Costs represent the largest portion of the FY2025 Proposed Budget, at 51.3% of the total budget (including the Official/Admin Services category, which is primarily the private staff of the city, the total is 60.6% of the budget). This total includes fully funding all City positions for the full year, a 4.9% salary increase effective July 1, 2025, and the full year impact of the 2024 pay increases. It also includes the estimated 6.5% increase in health care costs. The City spends on average \$26,000 annually per participant on health care, along with an additional 22.65% on retirement benefits.

Additional increases within the General Fund can be found in Professional Services due to 2025 being an election year; repairs and maintenance due to escalations within existing contracts; and utility costs that continue to trend upward.

Aside from those increases, the base level of operations within the General Fund for FY2025 were kept to minimal increases.

Opioid Settlement Fund

This fund accounts for revenues received as a result of Georgia settlements with major distributors of opioids. All revenues collected in this fund are used to expand training for first responders, provide treatment and recovery support services, and increase public awareness. The amount estimated to be spent for the FY2025 budget is \$20,000.

E-911 Fund Summary

This fund accounts for the revenues received from the 911 surcharge on telephone bills. All taxes collected in this fund are dedicated to separate operating authority – the Chattahoochee River 911 Authority (ChatComm). The FY2025 budget for this fund is \$1,446,500.

ARPA I Fund Summary

This fund accounts for the monies received as part of the American Rescue Plan Act. This funding is being used to build Two Bridges Park, repair and rehabilitate the City's stormwater infrastructure, and provide wayfinding signage around the City. This funding must be obligated by December 31, 2024, and all the proceeds must be spent by December 31, 2026. The City anticipates spending all of the proceeds by the end of FY2024, therefore the budget for next year is \$0.

ARPA II Fund Summary

When the City received its share of funds as part of the American Rescue Plan Act, the City elected the revenue replacement option and set aside a total of \$10M in a separate fund (ARPA II) for the purpose of accomplishing specific projects with these funds. The City continues to spend down these funds, leaving a FY2025 budget of \$2,076,710.

Multiple Grants Fund Summary

This fund accounts for the Local Maintenance & Improvements Grant (LMIG) grant that is awarded through the Georgia Department of Transportation. The City's share of the grant award for FY2025 is estimated to be \$503,410. Please note that the City received additional LMIG proceeds above and beyond the normal grant award in FY2024, thus the year-over-year decrease.

Hotel/Motel Fund Summary

This fund accounts for occupancy tax collections from area hotels and motels for the purpose of promoting conventions, tourism, and trade shows, while providing funds to facilitate economic vitality throughout the City of Dunwoody. The tax is imposed on each room night occupied in Dunwoody. Currently, the city levies a hotel/motel occupancy tax of 8% on total rent charges. The resulting revenue is distributed as follows: 37.5% to the City of Dunwoody. 43.75% to Discover Dunwoody (Conventions and Visitors Bureau), and 18.75% is retained by the city

within the Hotel/Motel Fund. The City continues to see high hotel occupancy rates, and thus the budget for FY2025 is 3.01% increase over the prior year, for a total of \$5,707,000.

Rental Motor Vehicle Excise Tax Fund Summary

This fund accounts for the taxes levied on each rental charge collected by any rental motor vehicle located within the city limits. The anticipated taxes budgeted for FY2025 is \$103,000.

Special Purpose Local Option Sales Tax (SPLOST I) Fund Summary

This fund accounts for the sales tax that was approved by referendum in November 2017. Collections under SPLOST I began in April 2018 and ended in March 2024. The appropriations in this fund do not lapse at year-end, but rather, unspent amounts are carried forward to future periods until the individual projects are completed. Under SPLOST I, the City collected a total of \$47M in sales tax revenue; however, due to the City's conservative nature of budgeting capital projects, only a total of \$43M of the proceeds have been budgeted as capital projects within the fund. So, the City is adding the difference of \$4,000,000 to the SPLOST I capital project budget as part of the FY2025 Proposed Budget.

Special Purpose Local Option Sales Tax (SPLOST II) Fund Summary

This fund accounts for the sales tax that was approved by referendum in November 2023. Collections under SPLOST II began in April 2024 and are scheduled to end in March 2030. The appropriations in this fund do not lapse at year-end, but rather, unspent amounts are carried forward to future periods until the individual projects are completed. FY2025 is the first full year of collections under SPLOST II and is estimated to be \$9,162,000.

General Capital Project Fund Summary

This fund accounts for all facilities, parks, and infrastructure construction within the City that is not accounted for under the SPLOST funds. Funds are derived from contributions from the General Fund as well as other grants and funding sources. The appropriations in this fund

do not lapse at year-end, but rather, unspent amounts are carried forward to future periods until the individual projects are completed. The FY2025 budget for this fund is \$5,979,937, which includes carry forward amounts from prior fiscal years.

Debt Service Fund Summary

This fund is utilized to account for debt service obligations (principal and interest payments) of the City. The City currently has two notes payable from direct borrowing outstanding; 1) \$9,9000,000 borrowed on August 31, 2016 from the Georgia Municipal Association for the City Hall project and 2) \$5,770,000 borrowed on June 28, 2021 from the Georgia Municipal Association for two parcels of land on Vermack Road. Total Debt Service for FY2025 related to these two borrowings is \$1,350,435.

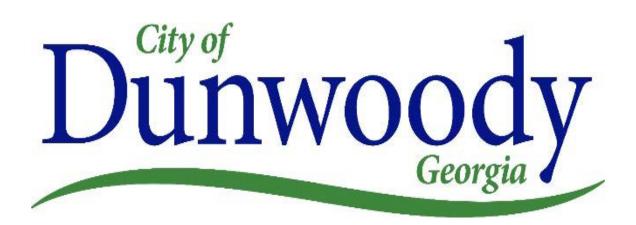

Stormwater Fund Summary

This fund is a proprietary fund that accounts for storm water management, planning, and mitigation of adverse impacts of flooding. The City uses a business approach when budgeting proprietary funds, and considers them self-supporting whenever possible. The City's Stormwater Utility Fee is adjusted annually based on the Municipal Cost Index as published in the American City & County. FY2025 collections are estimated to be \$2,806,820, with an estimated use of fund balance of \$477,660 to fund the Stormwater Project Manager and additional master plans and modeling.

ARPA Project Descriptions

			Current Total	Proposed Total
Fund	Project	Description	Funding	Funding
ARPA II	Direct Assistance	This funding will be used to create a competitive grant distribution process for not-for-profits. The threshold will be that a proposal must be \$25,000 minimum and \$100,000 maximum. As this is proposed as ARPA II funding, there will be more flexibility. Long term improvements to	\$2,000,000	\$2,000,000
		facilities or operations will be encouraged, though direct assistance is not discouraged.		
ARPA II	Recreational Equity	This funding will be used to purchase land and develop neighborhood park facilities in underserved communities within the City. Small parcels will be identified and purchased to develop "Pocket Parks" with play structures and bathroom facilities to create a walkable option for families to have their recreation needs met. Also, this funding could be utilized as the City's match portion for any potential grant opportunities for additional recreational funding.	\$1,000,000	\$0
ARPA II	CyberSecurity	This funding will be used to improve our security stance. There are 2 categories of improvements in this request: Application and Hardware. At this point, the Application improvements are deemed highest priority to include upgrades to our Firewall licenses to protect our laptops even when not connected to VPN, move to Zero-Trust privileged Access environment, an application to find the hidden threats, an application to push out security patch updates consistently, and a SIEM to give us next generation detection, analytics, and responses to security threats, real time. For Hardware improvements, they would consist of adding a Firewall to the new Parks location, upgrading our Switches to ensure we don't have any End-of@Life switches in our environment, and upgrading the oldest Host Server to ensure current hardware is being utilized in the environment.	\$1,000,000	\$1,000,000
ARPA II	Economic Development	Funding will be utilized as seed money to start Dunwoody's Entrepreneurship & Innovation Strategy.	\$200,000	\$0
ARPA II	Social Services Incubator	This funding will be used to purchase and rehab a building which will then live on as rental space for local not-for-profits. It will give the city, and the area, a one stop shop for social service delivery. The \$1 million cost is the city's contribution but will work with local not-for-profits on generating additional capital, if needed. The location is expected to be on the eastern side of town to help those in need with transportation costs. Not-for-profits may rent space with their rent paying for utilities, repairs, and maintenance. They will also coordinate amongst themselves for a front desk presence.	\$0	\$0
APRA II	Public Safety / Mental Health	This funding will be used to contract with a company to provide a full-time, on-site clinician that will respond to calls with the police department involving people experiencing a mental health crisis. The clinician will also do case management follow-up. The company will also provide 24/7 on-call coverage. Funding is for three years.	\$328,550	\$328,550
APRA II	Public Safety / EMS	This funding will be utilized on an ambulance pilot program in an effort to address EMS response times within the city limits. Once this is approved, City staff will work with the current EMS provider and DeKalb County on an agreement that ensures ambulances are located within the city limits throughout the day, in an effort to provide faster response times. Funding is for three years.	\$1,200,000	\$1,200,000
APRA II	Public Safety / LPR	This funding will add additional LPRs to the streets of Dunwoody, gunshot detection capabilities to a problematic area of the City, and Advanced Search capabilities with our current LPR vendor. Funding is for two years of service.	\$171,450	\$171,450
APRA II	Public Safety / Lighting	This funding will be used to install lighting in lower income and areas of the city which have safety concerns.	\$500,000	\$500,000
APRA II	Safe Streets Position	This funding will be used to create a Safe Streets position, with responsibilities that include engaging the community in an effort to produce fast and flexible solutions to slow traffic and create safer conditions for people walking or biking, and then measure the results and recalibrate the projects to further improve them as needed. Funding is for three years of service.	\$450,000	\$450,000
APRA II	Safe Streets Construction	Once projects are identified, this funding will be utilized to construct the necessary improvements.	\$750,000	\$750,000
APRA II	City Supplies / Services	This funding will be used to purchase smaller, one time cost items iwhich are related to COVID or operation in a post-COVID world. Examples as done under CARES 2 include: Upgrading the HVAC filtering systems; screen barriers for staff that interact with the public; remote working tools; hand sanitizer, masks, etc. Also, for other items which are small but do not fit into another ARPA budget, this is the area for funding.	\$250,000	\$250,000
APRA II	Grant Writing	This funding will be used to have an ad hoc grant writer / seeker for the city. City staff usually cannot dedicate the time to searching for and even applying for grants. This funding should last four years or more and may lead to permeance, if found effective.	\$200,000	\$0
APRA II	Administrative Costs	This funding will be used for administrative costs that arise due to the need for oversight and management of the direct assistance program, the need for additional finance/accounting staff due to ARPA reporting needs, etc.	\$300,000	\$44,253
ARPA II	Contingency	Contingency	\$360,535	\$0
ARPA II	Transfer Out-General Fund	Transfer Out - General Fund (FY2024 = \$1,035,585; Proposed FY2025 = \$2,016,282)	\$1,035,585	\$3,051,867
ARPA II	Transfer Out-Capital	Transfer Out - Capital (Police Vehicles)	\$253,880	\$253,880
		Total	\$10,000,000	\$10,000,000
